**In the Company of Radical Women Writers** Rosemary Hennessy, 2023-08-08 Recovering the bold voices and audacious lives of women who confronted capitalist society's failures and injustices in the 1930s a decade unnervingly similar to our own In the Company of Radical Women Writers rediscovers the political commitments and passionate advocacy of seven writers Black Jewish and white who as young women turned to communism around the Great Depression and over decades of national crisis spoke to issues of labor land and love in ways that provide urgent thought provoking guidance for today Rosemary Hennessy spotlights the courageous lives of women who confronted similar challenges to those we still face exhausting and unfair labor practices unrelenting racial injustice and environmental devastation As Hennessy brilliantly shows the documentary journalism and creative and biographical writings of Marvel Cooke Louise Thompson Patterson Claudia Jones Alice Childress Josephine Herbst Meridel Le Sueur and Muriel Rukeyser recognized that life is sustained across a web of dependencies that we each have a duty to maintain Their work brought into sharp focus the value and dignity of Black women's domestic work confronted the destructive myths of land exploitation and white supremacy and explored ways of knowing attuned to a life giving erotic energy that spans bodies and relations In doing so they also expanded the scope of American communism By tracing the attention these seven women pay to life making as the relations supporting survival and wellbeing from Harlem to the American South and Midwest In the Company of Radical Women Writers reveals their groundbreaking reconceptions of the political and provides bracing inspiration in the ongoing fight for justice

**Better Red** Constance Coiner, 1995 Better Red is an interdisciplinary study addressing the complicated intersection of American feminism and the political left as refracted in Tillie Olsen's and Meridel Le Sueur's lives and literary texts The first book length study to explore these feminist writers ties to the American Communist Party it contributes to a re envisioning of 1930s U S Communism as well as to efforts to promote working class writing as a legitimate category of literary analysis At once loyal members of the male dominated Communist Party and emerging feminists Olsen and Le Sueur move both toward and away from Party tenets and attitudes subverting through their writing formalist as well as orthodox Marxist literary categories Olsen and Le Sueur challenge the bourgeois assumptions often masked as classless and universal of much canonical literature and by creating working class women's writing they problematize the patriarchal nature of the Left and the masculinist assumptions of much proletarian literature anticipating the concerns of second wave feminists a generation later

Moving Beyond Words Gloria Steinem, 1994 Gloria Steinem is one of the country's most influential and innovative writers and activists In Revolution from Within Marilyn Norma Jean and Outrageous Acts and Everyday Rebellions she created a dialogue with her readers that shapes the way we think about human possibilities In this newest six part adventure of essays that begin in a personal place and arrive at a larger point she offers more revolutionary ideas

compassionate insights and one truly over the top fantasy Three of its six parts appear here for the first time Three of them have a seed seedling or partly grown plant in a previously published article As Steinem writes in the Preface Each of these six parts is rather like a condensed book Since there seems to be no genre for this I've found myself explaining it this way If you added water to any of these parts it would become a book What If Freud Were Phyllis is the ultimate send up with footnotes By gender reversing Sigmund's world and work and drawing on new scholarship that shocks Steinem creates a hilarious and chilling portrait of the most haunting father figure of them all and raises questions about what might have been haunting him and why he is still haunting us The Strongest Woman in the World is the story of one woman whose courage in testing her own limits broke the boundaries of gender and gave Steinem insights into the politics of muscle and into herself Sex Lies and Advertising updates and greatly expands Steinem's famous expose of advertising's stranglehold on women's magazines and its control over much of what we see and read with a new and urgent call to action The Masculinization of Wealth shows us the ways class works in reverse for women in families of inherited wealth because the closer we are to power the more passive we have to be kept It reshapes our understanding of class and exposes the other end of the feminization of poverty Revaluing Economics demystifies budgets from our own checkbooks to national and international accounting systems as statements of values that render invisible most of the world's productive work especially that done by women and offers practical ways out Doing Sixty is a spirited provocative intimate essay written at the approach of Steinem's sixtieth birthday for her beloved age peers and to help younger readers worry less about early successes or failures as she realizes why women herself included become more radical with age

D.H. Lawrence and Nine Women Writers Leo Hamalian, 1996 D H Lawrence and Nine Women Writers sheds fresh light on how a number of women writers of his time and our own reacted in their thinking and writing to D H Lawrence's unbridled individualism sensitive genius creative energy and his sometimes infuriating misogynistic resentments Critic and scholar Leo Hamalian explores the ways that the sensibilities of nine important women writers were both extensively and profoundly influenced by the English author's fiction poetry criticism and self-styled polyanalytics Hamalian's series of comparative readings is illuminating They demonstrate clearly that the hard questions of ideology subject matter and style which engaged Lawrence throughout his turbulent career continued to challenge a number of women writers who were grappling with these issues from another vantage point Through skeptical of some of Lawrence's theories these writers valued the dynamic aspects of Lawrence's creativity especially his emphasis on consciousness of wider meanings rather than character on symbol rather than narrative although he was a masterful storyteller They realized that his intensely conceived and evocatively concentrated scenes could be turned into a highly rewarding technique for suggesting the emotional conflicts and moral dilemmas of their own characters His primitivist philosophy struck them as healthy and his sensitivity as a kind of appealing vulnerability
