**Architecture in the Family Way** Annmarie Adams, 1996-04-23 Adams argues that the many significant changes seen in this period were due not to architects efforts but to the work of feminists and health reformers Contrary to the widely held belief that the home symbolized a refuge and safe haven to Victorians Adams reveals that middle class houses were actually considered poisonous and dangerous and explores the involvement of physicians in exposing unhealthy architecture and designing improved domestic environments She examines the contradictory roles of middle class women as both regulators of healthy houses and sources of disease and danger within their own homes particularly during childbirth *Architecture in the Family Way* sheds light on an ambiguous period in the histories of architecture medicine and women revealing it to be a time of turmoil not of progress and reform as is often assumed

**Up and Down Stairs** Jeremy Musson, 2009-11-12 Country houses were reliant on an intricate hierarchy of servants each of whom provided an essential skill *Up and Down Stairs* brings to life this hierarchy and shows how large numbers of people lived together under strict segregation and how sometimes this segregation was broken as with the famous marriage of a squire to his dairymaid at Uppark Jeremy Musson captures the voices of the servants who ran these vast houses and made them work From unpublished memoirs to letters wages newspaper articles he pieces together their daily lives from the Middle Ages through

to the twentieth century The story of domestic servants is inseparable from the story of the country house as an icon of power civilisation and luxury This is particularly true with the great estates such as Chatsworth Hatfield Burghley and Wilton Jeremy Musson looks at how these grand houses were for centuries admired and imitated around the world **Kinderalltag** Irene Hardach-Pinke,1981 **The Secret Battle** Michael Roper,2009-06-15 What did home mean to British soldiers and how did it help them to cope with the psychological strains of the Great War Family relationships lie at the heart of this book It explores the contribution letters and parcels from home played in maintaining the morale of this largely young amateur army And it shows how soldiers in their turn sought to adapt domestic habits to the trenches Pursuing the unconscious clues within a rich collection of letters and memoirs with the help of psychoanalytical ideas including those formulated by the veteran tank commander Wilfred Bion this study asks fundamental questions about the psychological resources of this generation of young men It reveals how the extremities of battle exposed the deepest emotional ties of childhood and went on marking the post war domestic lives of those who returned **Die Gouvernante** Irene Hardach-Pinke,1993 *The Heartache of Motherhood* Joyce Nicholson,1983 **Gadgets and Necessities** Pauline Webb,Mark Suggitt,2000-12-18 Contains nearly two hundred alphabetically arranged entries that provide information about domestic gadgets and innovations developed during the twentieth century covering inventions and objects inventors organizations institutions manufacturers and themes **Newfoundland Social and Economic Papers** ,1977 **Proceedings of the Leeds Philosophical and Literary Society** Leeds Philosophical and Literary Society,1983 **Reminiscences of Childhood** Richard N.
