2009 Lectures Ron Johnston, 2011-06-30 This volume contains 16 lectures delivered at the British Academy in 2008 10 From romantic love in sub Saharan Africa to the British industrial revolution from John Donne to Arthur Miller from surrealism to Chinese flower imagery these lectures demonstrate unparalleled breadth and depth of scholarship

The Routledge Companion to Surrealism Kirsten Strom, 2022-11-08 This book provides a conceptual and global overview of the field of Surrealist studies Methodologically the companion considers Surrealism's many achievements but also its historical shortcomings to illuminate its connections to the historical and cultural moment's from which it originated and to assess both the ways in which it still shapes our world in inspiring ways and the ways in which it might appear problematic as we look back at it from a twenty first century vantage point Contributions from experienced scholars will enable professors to teach the subject more broadly by opening their eyes to aspects of the field that are on the margins of their expertise and it will enable scholars to identify new areas of study in their own work by indicating lines of research at a tangent to their own The companion will reflect the interdisciplinarity of Surrealism by incorporating discussions pertaining to the visual arts as well as literature film and political and intellectual history

Latin American Cultural Studies: A Reader Jens Andermann, Ben Bollig, Lorraine Leu, Daniel Mosquera, Rory O'Bryen, David Wood, 2018-10-03 Featuring twenty five key essays from the Journal of Latin American Cultural Studies Travesia this book surveys the most influential themes and concepts as well as scouring some of the polemics and controversies which have marked the field over the last quarter of a century since the Journal's foundation in 1992 Emerging at a moment of crisis of revolutionary narratives and at the onset of neoliberal economics and emergent narcopolitics the cultural studies impetus in Latin America was part of an attempted intellectual reconstruction of the centre left in terms of civil society and

the articulation of social movements and agencies thinking beyond the verticalist constructions from previous decades This collection maps these developments from the now classical discussions of the cultural turn to more recent responses to the challenges of biopolitics affect theory posthegemony and ecocriticism It also addresses novel political constellations including resurgent national popular or eco nativist and indigenous agencies Framed by a critical introduction from the editors this volume is both a celebration of influential essays published over twenty five years of the Journal and a representative overview of the field in its multiple ramifications entrenchments and exchanges

Fur Mama Diana du Pont, 2025-12-09 Perfect for animal lovers this deeply passionate memoir follows successful career woman Diana du Pont's fulfilling journey as she opens her heart and home to rescue animals and discovers the undeniable power of the human animal bond Diana du Pont was a die hard careerist and grinding workaholic Married without children she never had a chance to see herself as maternal material Then having fortuitously been offered a new post in a town known for its rich equestrian legacy she adopted a young tempestuous Thoroughbred fresh off the racetrack followed by a loveable rescue dog This turn of good fortune began an emotional journey from Type A professional to a woman willing to risk the life upon which her entire sense of self worth and personal identity had been built Fur Mama traces du Pont's moving transformation into a devoted animal parent as she introduces these two dependents both entirely reliant on her for a new form of family Even as she's uprooted from all that is familiar and moves halfway across America she finds herself unexpectedly consumed by the abiding need to love and care for these innocent living beings as her own Despite challenges in her animal relationships du Pont gracefully navigates her new maternal role and what it might mean in this context to be a good mother With intelligence and sensitivity du Pont's powerfully moving memoir explores the social phenomenon of embracing and humanizing pets and the benefits we discover when we do Blending themes of career and
