## **Right Wing Women:**

**Right-Wing Women** Paola Bacchetta, Margaret Power, 2013-01-11 An oft neglected subject right wing women are an important component in understanding the many racist fascist and anti feminist movements of the 20th century Providing original research on an array of right wing groups around the world the contributors paint a disturbing and complicated portrait of the women involved in these movements From Mussolini supporters to Klanswomen this collection provides an eye opening look at extremist women *Right-Wing Women in Chile* Margaret Power, 2010-11-01 [Right-Wing Women](#)

Andrea Dworkin, 2025-02-25 With a new foreword by Moira Donegan this long awaited reissue of Dworkin s iconic study of women in American conservatism is paired with a bold modern package to match Dworkin s visionary perspective and style Andrea Dworkin wrote *Right Wing Women* in 1983 a crucial and deeply illuminating analysis of the right s position on abortion homosexuality antisemitism female poverty and antifeminism Forty years later the book feels more vibrant clear eyed and visionary than ever especially as these issues get relitigated in both legal and public forums In addition to her revelatory and nuanced portraits of figures like Anita Bryant and Phyllis Schlafly and an examination of the roots of a distinctly woman led brand of American conservatism *Right Wing Women* will give readers the thrill of rediscovering the force and elegance of Dworkin s arguments and her skill as one of our most adept and prophetic feminist thinkers

*Women's Citizenship and Political Rights* S. Hellsten, A. Holli, K. Daskalova, 2005-11-29 Combining research theory and practice pan European perspectives and the disciplines of human rights sociology and politics this book offers a rare insight into the multiplicity of issues surrounding women s equality citizenship and political rights in transitional Europe and an expanding European Union From policy making to civil rights domestic violence and education experienced authors present innovative research analysis and suggestions for the future of women as participants in an evolving Europe [Women and Right-wing Movements](#) Tanika Sarkar, Urvashi Butalia, 1995 Feminism tends to identify women s political activism with emancipatory movements Yet how can this view be reconciled with the current involvement of women in right wing causes

**Sell-Outs or Warriors for Change?** Malliga Och, Shauna Shames, Rosalyn Cooperman, 2022-11-28 This book addresses the central question of how right wing women navigate the cross pressures between gender identity and political ideology The hope has always been that more women in politics would lead to greater inclusion of women s voices and interests in decision making and policy Yet this is not always the case some prominent conservative women such as Margaret Thatcher have rejected the feminist label while others such as Angela Merkel have reluctantly accepted it Republican women in the U S Congress have embraced social and economic policies contrary to what many consider to be women s issues while EU Commission president Ursula von der Leyen is a staunch supporter of feminist ideas Other conservative women such as Marine LePen in France strategically use feminist ideas to justify their conservative stances on immigration This brings up an interesting yet understudied question under what circumstances do conservative women become feminist allies and when do

they toe the party line It is this tension between women s political representation and conservatism that this edited volume explores The chapters in this book except for Chapter 3 were originally published as a special issue of Journal of Women Politics Policy     Jahrbuch des Kaiserlich Deutschen Archäologischen Instituts Kaiserlich Deutsches Archäologisches Institut,1911     **Archäologischer Anzeiger** ,1911     **Journal of Women's History** ,2004     **Great American Conservative Women** ,2002 This book explodes the liberal arrogance that if you want to be a successful woman you can t be a conservative Great American Conservative Women bulges with the lives and views of outstanding women leaders They represent all walks of life from a star of Broadway to an ambassador More to the United Nations from an internationally syndicated radio show host to political leaders CEOs and mothers This collection of speeches provides conservative solutions to the challenges of our time refuting the liberal message Folks like Dr Laura Schlessinger Phyllis Schlafly Ann Coulter Star Parker Linda Chavez Letitia Baldrige Michelle Easton and Dr Jeane Kirkpatrick are a few of the notable contributors

Rethinking right-wing women Clarisse Berthezène,Julie Gottlieb,2017-12-12 Rethinking Right Wing Women explores the institutional structures for and the representations mobilisation and the political careers of women in the British Conservative Party since the late 19th century From the Primrose League est 1883 to Women2Win est 2005 the party has exploited women s political commitment and their social power from the grass roots to the heights of the establishment Yet although it is the party that extended the equal franchise had the first woman MP to sit Parliament and produced the first two women Prime Ministers the UK Conservative Party has developed political roles for women that jar with feminist and progressive agendas Conservative women have tended to be more concerned about the fulfilment of women s duties than the realisation of women s rights This book tackles the ambivalences between women s politicisation and women s emancipation in the history of Britain s most electorally successful and hegemonic political party     **Feminist Ethics** Claudia Card,1991 Fifteen essays address subjects ranging from the history of feminist ethics to the logic of pluralist feminism and present feminist perspectives on such topics as terrorism bitterness women trusting other women and survival and ethics Paper edition unseen 14 95 Annotation copyrighted by Book News Inc Portland OR     *The Dark Side of the Left* Richard J. Ellis,1998 Political correctness idealizing the oppressed and an affinity for authoritarian and charismatic leaders are all parts of what Ellis calls the dark side of the left     *Left History* ,2003     Feminism and the Politics of Literary Reputation Charlotte Templin,1995 Soon after its publication in 1973 Fear of Flying brought Erica Jong immense popular success and media fame Alternately pegged sassy and vulgar Jong s novel embraced the politics of the women s liberation movement and challenged the definition of female sexuality Yet today more than twenty years and several books later literary reputation continues for the most part to elude Jong Typecast by her adversaries as a media seeking sensationalist Erica Jong has been unfairly side stepped by academia Charlotte Templin contends In this carefully researched study augmented by personal

interviews with Jong Templin assembles and analyzes the medley of responses to Jong's books by reviewers, critics, writers, academics, and the media by liberals, conservatives, and feminists. She examines the diverse opinions on the merit and relevance to contemporary life of *Fear of Flying*, the invocation of a high culture/low culture dichotomy to discredit *How to Save Your Own Life*, the anatomy of literary success with Fanny Jong's reception in a postfeminist age, and the trivialization of Jong's works that is inevitable with mass media exposure. Templin also shows how antagonistic reviewers tend to identify Jong with her fictitious characters, a practice more common when the author is a woman and judge her to be guilty of the sin of not being a proper woman. In turn, she shows how reviewers reveal something of their own values and ideological biases in their critiques and how literary reputations are built, destroyed, and altered over time. The first book to make a detailed examination of the reputation of a woman writer, *Feminism and the Politics of Literary Reputation* provides an excellent case study for the literary reception of women writers within a broad cultural context. Templin's analysis offers valuable insight into the reception of women writers, especially commercially successful women writers, and dramatically illustrates the relation of literary reputation to popular appeal and cultural mores.
