Rights Vs Public Safety After 9 11 America In The Age Of Terrorism:

Rights vs. Public Safety after 9/11 Amitai Etzioni, Jason H. Marsh, 2004-09-01 Since the attacks of September 11 2001 the tension between civil rights and public safety has dominated public discourse On issues ranging from racial profiling to military tribunals Americans have had to ask whether it is possible for the United States to defend itself against terrorism without violating the values and principles that lie at the heart of its democratic order In Rights vs Public Safety after 9 11 some of the nation s leading legal experts and social critics confront this question head on The contributors offer measured often communitarian approaches to topics such as the changes in United States immigration policy after September 11th the practical and moral difficulties of racial profiling the ethical dilemmas of an emergency response to a bioterrorist attack and the role of the government in promoting national service This balanced compilation of essays highlights where government will need to expand its authority in the fight against terrorism where it risks overreaching and how this new era might strengthen American society

Transcultural Identities in Contemporary Literature Irene Gilsenan Nordin, Julie Hansen, Carmen Zamorano Llena, 2013-10-01 In recent decades globalization has led to increased mobility and interconnectedness For a growing number of people contemporary life entails new local and transnational interdependencies which transform individual and collective allegiances Contemporary literature often reflects these changes through its exploration of migrant experiences and transcultural identities Calling into question traditional definitions of culture many recent works of poetry and prose fiction go beyond the spatial boundaries of a given state emphasizing instead the mixing and collision of languages cultures and identities In doing so they also challenge recent and contemporary discourses about cultural identities fostering a more nuanced understanding of the complexities of identity formation processes in diverse transcultural frameworks This volume analyses how traditional understandings of culture as well as literary representations of identity constructs can be reconceptualized from a transcultural perspective In four thematic sections focusing on migration cosmopolitanism multiculturalism and literary translingualism the twelve essays included in this volume explore various facets of transculturality in contemporary poetry and fiction from around the world Contributors Malin Lidström Brock Katherina Dodou Pilar Cuder Domínguez Stefan Helgesson Christoph Houswitschka Carly McLaughlin Kristin Rebien J B Rollins Karen L Ryan Eric Sellin Mats Tegmark Carmen Zamorano Llena Irene Gilsenan Nordin is Professor of English Literature at Dalarna University Sweden She is founder and director of DUCIS Dalarna University Centre for Irish Studies and leads Dalarna University s Transcultural Identities research group Julie Hansen is Research Fellow at the Uppsala Centre for Russian and Eurasian Studies and teaches Russian literature in the Department of Modern Languages at Uppsala University Sweden Carmen Zamorano Llena is Associate Professor of English Literature at Dalarna University Sweden and member of Dalarna University s Transcultural Identities research group

What's Wrong With Terrorism? Robert E. Goodin, 2013-04-23 Terrorists perform terrible acts They maim mutilate and kill in pursuit of their goals The horrifying events of 9 11 and the regular suicide bombings around the world have made terrorism one of the central preoccupations of the twenty first century But what is the distinctive wrong of terrorism Criminal acts such as murder and hijacking are already on the moral statute books so why is it that we regard terrorists as different from and morally worse than ordinary killers and kidnappers Some see terrorism is an ideology others claim it is a deep seated social or psychological failing others that it is a form of fighting unfairly judged by just war standards In this provocative new book Robert Goodin puts forward the view that terrorism is in fact a deliberate tactic of frightening people for socio political gain Fear affects peoples ability to reason clearly and undermines their capacity for autonomous self government In this way Goodin contends that terror is not only the weapon of organizations such as al Qaeda it also benefits democratic politicians who profit from the climate of insecurity induced by terrorist threats and violence Political figures conducting a campaign of fear as part of their war on terrorism may therefore be committing wrongs akin to those of terrorists themselves This Goodin argues is what is distinctively wrong with terrorism in the contemporary world

LeMay, 2019-05-24 This volume presents a comprehensive unbiased and easily accessible review of U S immigration reform and explains why reform efforts have resulted in the current state of political deadlock over the issue in the United States Congress Comprising seven chapters Immigration Reform A Reference Handbook surveys the complex topic for high school undergraduate and general readers Chapter 1 gives the historical background to current immigration reform efforts concentrating on the period from 1965 to date Chapter 2 discusses problems and controversies and the proposed solutions to them Chapter 3 consists of eight original essays contributed by other scholars complementing the perspective and expertise of the author Chapter 4 profiles

major organizations and people who as stakeholders in the politics of immigration reform drive the agenda on the issue Chapter 5 presents data and documents on the topic giving readers the ability to analyze the facts Chapter 6 provides additional resources that the reader may wish to consult such as books journal articles and films Chapter 7 provides a detailed chronology of important events from 1965 to 2017 that propel the politics and establish the policy of U S immigration reform The book closes with a useful glossary of key terms used throughout the book and a comprehensive subject index

Terrorism Dan O'Hair,2008 This volume offers the best available thinking and analysis on the topic of the rhetoric and communication of terrorism Each of the chapters isolates a particular issue or concern and exposes the difficult choices and subsequent processes facing participants in the management of terrorism By wrapping the analysis in a web of communication and rhetorical processes and theories the authors develop unique perspectives from which to characterize these contexts This volume is intended for multiple audiences including those interested not only in the specific topic but in risk communication crisis management policy management and political science

Battleground Immigration: M-Z Judith Ann Warner,2009 A Z entries explore the most critical debates surrounding immigration in the U S today

The Essentials of American Government 2006 Karen O'Connor,Larry J. Sabato,2006-12 The brief edition of the number one book in American government continues to provide the most current and engaging introduction available for the course Like the comprehensive edition this nuts and bolts version was written with the belief that knowledge of the development of American government is integral to fully understand our current political system Essentials of American Government Continuity and Change is a student friendly text offering a strong historical perspective that highlights the evolution of government and engages students with examples relevant to their lives today

Constitutionalism in the Netherlands and South Africa Gerhard Van der Schyff,2008

Public/private Paul Fairfield,2005 As impressions grow that privacy is under increasing threat the sphere of private life has needed to reassert itself yet efforts to this end are beset with numerous difficulties including the ways in which the private sphere has for centuries been understood and misunderstood While Public Private takes up a broadly liberal perspective it endeavors to reach beyond an audience of liberal theorists to include other political orientations and philosophical traditions Fairfield examines the ethical political significance as well as the policy implications of a right to privacy Discussing the different applications of privacy laws technology property relationships Fairfield writes in a style accessible to specialists and students alike

Ethics in the Global Village Jack A. Johnson-Hill,2008 Jack Hill connects the dots between what Jesus said long ago and what we experience now in a radically new way by linking the voice of Jesus to unheard voices of contemporary largely marginalised social and political movements

American Government 2006 Karen O'Connor,Larry J. Sabato,2006-12 This election update edition of the number one book in American government continues to provide the most current and engaging introduction available for the course without chapters dedicated to policy Written with the belief that knowledge of the development of American government is integral to fully understand our

current political system American Government Continuity and Change offers a strong historical perspective that highlights the evolution of government and engages students with examples relevant to their lives today **American Government** Karen O'Connor, Larry J. Sabato, Stefan Haag, Gary Keith, 2005-03 The new edition of this bestseller in American government has been aggressively revised to provide the most in depth and current coverage of the 2004 elections the beginnings of the second George W Bush administration and the ongoing wars on terror and in Iraq while also providing expansive new coverage of the United States and Texas s Constitutional roots The Texas Edition includes seven complete chapters on Texas government and politics Written with the belief that students must first understand how American government developed to fully understand the issues facing our nation today O Connor Sabato offers the strongest coverage of both history and current events on the market today The new edition provides deeper coverage of both history and events today by exploring the Constitutional roots of our system and how those roots are relevant and often challenged today The authors also continue their commitment to currency and student relevance by providing up to the minute coverage of the new Bush administration the ongoing war in Iraq etc *The Patriot Act* Herbert N. Foerstel, 2008 This easy to use core reference takes on the biggest issue of our day freedom of speech in post 9 11 America No issue is more important to Americans and especially to librarians than the Patriot Act The Patriot Act is one of the longest broadest most sweeping pieces of legislation in American history It introduced a vast edifice of domestic surveillance that has defined the post 9 11 world But the legislation itself is so massive and technical that both supporters and critics have been free to interpret it loosely and in partisan fashion Supporters of the Patriot Act believe that 9 11 irreversibly changed American politics and law enforcement forcing every citizen to cede some traditional civil liberties in order to protect the nation from terrorism Critics respond that many provisions of the Patriot Act were simply resurrected from old FBI wish lists having no relevance to the war on terror and providing little security in exchange for precious liberties This book will not silence the raging debate over the Patriot Act but by presenting relevant source documents analyzed and placed in context it may provide a more reliable basis for the ongoing debate Censorship Kate Burns, 2007 Editor Kate Burns has compiled compelling essays and counter essays that survey the history of censorship Readers will look at how the arguments have both changed and remained constant over time and will be fascinated by the way moral questions remain fundamentally consistent This volume contains a wide range of primary documents and essays by historians and modern scholars which add background and insight *The Book Review Digest*, 2006
