Ringling In The Wilderness Selections From The North Country Anvil:

North Country Mary Lethert Wingerd, 2010 In 1862 four years after Minnesota was ratified as the thirty second state in the Union simmering tensions between indigenous Dakota and white settlers culminated in the violent six week long U S Dakota War Hundreds of lives were lost on both sides and the war ended with the execution of thirty eight Dakotas on December 26 1862 in Mankato Minnesota the largest mass execution in American history The following April after suffering a long internment at Fort Snelling the Dakota and Winnebago peoples were forcefully removed to South Dakota precipitating the near destruction of the area s native communities while simultaneously laying the foundation for what we know and recognize today as Minnesota In *North Country The Making of Minnesota* Mary Lethert Wingerd unlocks the complex origins of the state origins that have often been ignored in favor of legend and a far more benign narrative of immigration settlement and cultural exchange Moving from the earliest years of contact between Europeans and the indigenous peoples of the western Great Lakes region to the era of French and British influence during the fur trade and beyond Wingerd charts how for two centuries prior to official statehood Native people and Europeans in the region maintained a hesitant largely cobeneficial relationship Founded on intermarriage kinship and trade between the two parties this racially hybridized society was a meeting point for cultural and economic exchange until the western expansion of American capitalism and violation of treaties by the U S government during the 1850s wore sharply at this tremulous bond ultimately leading to what Wingerd calls Minnesota s Civil War A cornerstone text in the chronicle of Minnesota s history Wingerd s narrative is augmented by more than 170 illustrations chosen and described by Kirsten Delegard in comprehensive captions that depict the fascinating often haunting representations of the region and its inhabitants over two and a half centuries *North Country* is the unflinching account of how the land the Dakota named Mini Sota Makoce became the State of Minnesota and of the people who have called it at one time or another home

A Thrilling Narrative of Indian Captivity Mary Butler Renville, *A Whole Which Is Greater* Paul Gilk, David Kast, 2012-12-07 In November 2010 Republican Scott Walker was elected Governor of Wisconsin In something of a Tea Party sweep the iconic Russ Feingold lost his seat in the U S Senate and the Wisconsin legislature became Republican in both chambers In early 2011 Governor Walker announced a budget repair bill that among other things gutted collective bargaining rights for most public sector unions Outraged citizens occupied the state capitol for weeks in an outpouring of opposition the likes of which had not been seen in Wisconsin since the protests against the war in Vietnam in the 1960s Various recall elections were held in the summer of 2011 all in regard to the state senate with another set of elections in June 2012 among them the governor s recall was paramount Democrats regained control of the senate but Scott Walker defeated Milwaukee mayor Tom Barrett and kept the governor s mansion Many Democrats were stunned by the failed recall These essays probe that failure Every contributor has a unique perspective but lurking near the core of that probing are two key issues the extent to which corporations have taken over government and whether ecological crises are
