## **Riqueval Hindenburg Line:**

**Riqueval** Bill Mitchinson,1990-12-31 The bridge over the St Quentin Canal at Riqueval is one of the most readily recognised images of the Great War witnessing many ferocious engagements in the period between the retreat to the Hindenburg Line in 1917 and the final assault against the canal s defences in September 1918 **Courcelette** Paul Reed,1997-09-05 Courcelette is one of the many Somme villages that became a German stronghold in their tenacious fight to keep the British armies at bay Well behind the lines on 1 July it came into prominence on 15 September when it fell to an attack by the Canadians **Boom Ravine** Trevor Pidgeon,1998-01-12 The principal action that took place here in February 1917 was of short duration and failure but with fascinating overtones This is the dramatic story of the events on the Somme after the great battle of 1916 ended and before the Germans withdrew to the Hindenburg Line Its focus is on a ravine easily as impressive as that at Beaumont Hamel [The History of the Lincolnshire Regiment, 1914-1918](#) C. R. Simpson,1931

**Breaking the Hindenburg Line** Raymond Edward Priestley,1919 *Before Endeavours Fade* Rose E. B. Coombs,1976-08-30 still provides detailed historical and travel information that supplements and enhances internet resources Journal of Military History From the Belgian coast across the fields of Flanders over the valley of the Somme and down the line to the Argonne all the major battlefields of the First World War Ypres Arras Cambrai Amiens St Quentin Mons Le Cateau Reims Verdun and St Mihiel are criss crossed in this book over more than thirty different routes each clearly shown on a Michelin map Every significant feature is described in detail Indispensable for anyone contemplating a tour of the battlefields in Belgium and France this book combines the years of knowledge travel and research of its author Rose Coombs who worked at the Imperial War Museum in London for nearly forty years After the Battle s editor Karel Margry has traveled every route checking and revising the text where necessary as well as re photographing every memorial Many new ones are included yet we have striven to keep true to the flavor of Rose s original concept before endeavors fade **Cambrai** Jack Horsfall,Nigel Cave,1999 Cambrai is most well known for the tank battle which took place in 1917 Although initially successful it soon became disastrous and as on other occasions throughout the War the area changed hands many times Illustrated with then and now pictures this book unravels the history of the area for those either visiting or exploring it from their armchairs **Epehy** K. W. Mitchinson,1998 The village of Epehy gave its name to one of the most important battles of 1918 Evacuated by the Germans during their retreat to the Hindenburg Line the ruins were occupied by British Forces until the German offensive They were recaptured in some of the bloodiest engagements of September 1918 **The Battle of Neuve Chapelle** Geoffrey Bridger,2000 Neuve Chapelle a lost battlefield is now opened up for the explorer to learn more about the actions that took place there In Early 1915 the British decided to take the offensive for the first time in the war against German positions in Northern France The initial objective was a bulge about one mile across in their lines at Neuve Events which took place here early in 1915 are described in detail and show why this almost forgotten battle set the course

Department of the Army. Office of Military History,1948     Gallipoli Huw Rodge,Jill Rodge,2003 This book describes in some detail the actions just prior and after the landings on the beaches around Helles by the British 29 Division on those fateful days of the 25 and 26 April 1915 It is dedicated to the memory of all those who fought there many of whom did not survive It describes some of the necessary preparations and the courageous story of the men who landed on the five beaches on the tip of the Gallipoli Peninsula designated W V X Y and S by the British High Command in their plan to force a passage through the Dardanelles to Constantinople By using graphic eye witness accounts contemporary sketches maps and photographs the book brings alive the courage and self sacrifice of the battalions involved including the story of the S5 River Clyde at V Beach and the actions of those 15 men who were awarded the Victoria Cross for gallantry during the two days of 25 and 26 April which epitomize the bravery of the entire landing forces A full day Car Tour is included together with battlefield walks relating to each of the five beaches useful practical advice and descriptions of Memorials and Cemeteries which should enable visitors to appreciate the significance and relevance of what happened during that particular time     *Gully Ravine* Stephen J. Chambers,2003 This book concentrates on Gully Ravine and its immediate area on the western side of the Helles battlefield Here trench fighting raged throughout the campaign culminating in the Battle of Gully Ravine between 28 June and 5 July 1915 This attack was a successful piece of planning and execution enabling the British to capture five lines of Turkish trenches seriously threatening the Turkish hold on the southern tip of the peninsula After this attack the region fell into the deadlock of trench warfare which brought its horrors as well as its monotony This beautiful and picturesque area of Gallipoli is seldom visited and its part in the campaign almost forgotten The book is well researched and contains a high proportion of original photographs and maps which have never been published before     Combles Paul Reed,2002 Combles was the largest village on the Somme in 1916 and fighting for its possession began in September 1916 Flanked by two large woods to the west Bouleaux Bully and Leuze Lousy these became the front line where men of the 56th London Division fought and died The bastion of Combles finally fell to a combined English and French attack Tanks were used here in their first action on the Western Front     *Loos - 1915* Andrew Rawson,2003 In September 1915 Kitchener's men were in action for the first time in the largest offensive of the year Using gas British troops managed to open a three mile gap in the German line However misuse of the

reserves allowed the chance of success to pass by In the following struggle for Hohenzollern Redoubt the British were defeated time after time by superior weapons and tactics For the first time visitors will be able to explore this key battle a battle that cost the BEF over 50 000 casualties Nijmegen, Grave, and Groesbeek Tim Saunders,2001 This book seeks to bring together little known out of print and archived material into an account covering the 82nd Airborne Division and Guards Armoured Division s fighting on the Groesbeek Heights and the capture of the Nijmegen Bridges This is the first of three Battleground volumes that will cover all sixty four miles of XXX Corp s route from Joe s Bridge on the Escaut Canal to Arnhem on the Rhine Page 7 Bastogne Michael Tolhurst,2001 One of the most dramatic episodes of the Ardennes campaign took place in the small crossroads town of Bastogne Belgium The defense of the town was entrusted to the 101st Airborne Division which carried no heavy artillery or tanks and yet was surrounded by a steel ring of three German panzer divisions that massively outgunned the paratroopers When the German commander of the besieging forces demanded surrounded from American leader General Anthony McAuliffe he received one of the most famous replies in military history Nuts The American s held on desperately to the town for more than three days On Christmas day the Germans tried one last massive offensive against the tired troops The airborne troopers using the last of their meager weapons with bravery heroism and determination stopped wave after wave of white clad Germans until clearing weather allowed Allied planes and Patton s tanks to finally lift the siege Drawing on eyewitness accounts this excellent book paints a graphic picture of the battle that was at the very center of Hitler s last gamble Numerous photos through the text illustrate then and now scenes and bring to life the epic battle *The Military Engineer* ,1927 Directory of members constitution and by laws of the Society of American Military Engineers 1935 inserted in v 27 **On the Trail of the Poets of the Great War** Helen McPhail,Philip Guest,2001 Siegfried Sassoon and Robert Graves were two of the most famous British authors of the 20th century but they are remembered by many World War I buffs primarily as officers in the Royal Welch Fusiliers This unique guide traces the wartime service of the authors identifies actual people and places in their works and gives biographical detail on their long post war lives and careers Includes full bibliography **Redan Ridge** Michael Renshaw,2004 This tells of the fighting on Redan Ridge in 1916 The sector was occupied by the 4th Division made up of some of the veteran regular battalions the Old Contemptibles although few of the original members had survived thus far It was mainly Territorials and new army men who fought here
