Sextet Ts Eliot And Truman Capote And Others:

Sextet John Malcolm Brinnin,1981 This sextet of reminiscences is based on a journal kept over a period of forty years A number of entries taken from it have been incorporated into the text more or less intact Others have remained where they were bits of information ephemeral as days preserved out of habit and serving to tell me little more than where I was what I did and whom I saw p v *The Hyacinth Girl* Lyndall Gordon,2022-10-06 The revealing of the hidden muse Emily Hale the Hyacinth Girl of the famous *The Waste Land* poem who influenced the life and art of TS Eliot Among the greatest of poets T S Eliot protected his privacy while publicly associated with three women two wives Vivienne and Valerie and a church going companion Mary Trevelyan This presentation concealed a life long love for an American Emily Hale a drama teacher who was the source of memory and desire in *The Waste Land* she is the Hyacinth Girl Drawing on the recently unsealed 1 131 letters Eliot wrote to Hale and suppressed in his lifetime leading biographer Lyndall Gordon reveals both the hidden poet and the muse who was the first and consistently important woman of his life and art Emily Hale was at the centre of a love drama he conceived and the inspiration for the lines he wrote to last beyond their time Extraordinary a rare work COLM TOIBIN As exciting as a detective story MARGARET DRABBLE Will change the way Eliot is seen MIRANDA SEYMOUR **Truman Capote** Helen S. Garson,1992 Like a ringmaster at the circus Truman Capote led us from one dazzling act to another in the entertainment that is the twentieth century written word Short stories novels novellas plays film scripts and journalistic pieces dance in turn across the center stage of Capote s imagination bringing to our view such masterpieces as *Other Voices* *Other Rooms* 1948 and *In Cold Blood* 1966 Despite these successes Capote came closest to achieving performance perfection when he turned his attention to shorter works Full of vivid descriptions and colorful characters these stories give us front row seats to the attraction of Capote as both a writer and a human being Capote originally Truman Streckfus Persons was born in New Orleans in 1924 the product of a very unstable marriage Often neglected the young boy spent a lot of time with relatives mostly in Alabama When his mother divorced his father to marry a more successful businessman Truman moved north with the couple and took his stepfather s surname The Capotes lived in Greenwich and New York where Truman would make his permanent base and where he would start stitching together the disparate threads of his unsettling childhood and make of them a grand tapestry revealing the frustration of life in contemporary America These connections between fact and fiction are carefully analyzed by Helen S Carson as are the links between the short fiction and Capote s longer works She has provided the reader with a comprehensive yet very readable study of one of Capote s more neglected genres **Truman Capote** John Malcolm Brinnin,1986 Encyclopedia of the American Novel Abby H. P. Werlock,2015-04-22 Praise for the print edition no other reference work on American fiction brings together such an array of authors and texts as this *The Poetry Circuit* Peter B. Howarth,2024-09-17 Live performance has changed poetry more than anything else in the last hundred years it has given poets new audiences and a new economy and it has generated new styles from Imagism to

confessional to contemporary Spoken Word But the creative impact that public reading had right through the twentieth century has not been well understood Mixing close listening to archive performances with intimate histories of modernist venues and promoters The Poetry Circuit tells the story of how poets met their audience again and how the feedback loops between their voices the venues and the occasions turned poems into running dramas between poet and listener A nervous T S Eliot reveals himself to be anything but impersonal while Marianne Moore's accident prone readings become subtle ways of keeping her poems in constant re draft Robert Frost used his poems to spar with his fans and rivals while Langston Hughes wrote Ask Your Mama to expose the prejudice circulating in the room as he spoke it The Poetry Circuit also shows how the post war reading boom made new kinds of poetry involving their audience and setting in the performance such as John Ashbery's anti charismatic Poets Theatre Amiri Baraka's documentary soundtracks of the streets or the confessional readings of Allen Ginsberg which shame the listeners more than the poet Covering the first seventy years of the poetry reading The Poetry Circuit demonstrates that there never were page and stage poets the reading simply changed what every modern poet could do
