Sexual Fitness Hank C. K. Wuh, Mei Mei Fo, 2002-02-05 The premise is simple Good health leads to good sex Good sex leads to good health Sexual Fitness shows how seven basic factors diet supplements medications sensual stimulation exercise sleep and stress reduction directly influence sexual health More important it features an easy to follow 30 day program complete with dietary guidelines recipes a daily planner and plenty of practical guidance **Sexual Fitness** Time-Life Books, 1988 Sexual Fitness Greg Peterson, 2009-12-02 Whether you've been in a relationship for a few weeks or many years most couples would like to improve or enrich the quality of their sex lives While there may be no such thing as perfect sex there are however easy steps that anyone can take to dramatically enhance the sexual experience for both partners Not only will sex become more enjoyable but it will deepen and strengthen your relationship overall and you will look forward with great anticipation to all the time you share together To accomplish this goal this book looks at sex in a fresh unconventional way The author shows the reader how to approach sex like you would prepare for a sporting event or other physical activity Sex requires physical training to unlock its full potential By focusing on the physical stresses and demands that are placed on the human body during sex the author has designed a strength and conditioning program that will help maximize your performance in the same way a strength and condition program helps athletes prepare for competition
