Shakespeare And The Nature Of Man Lowell Lectures 1942:

Shakespeare and the Nature of Man Theodore Spencer, 2003-01-01 The Critical Reception of Shakespeare's Antony and Cleopatra from 1607 to 1905 Michael Steppat, 1980-01-01 **Shakespearean Tragedy** John Drakakis, 2014-06-06

Shakespearean Tragedy brings together fifteen major contemporary essays on individual plays and the genre as a whole. Each piece has been carefully chosen as a key intervention in its own right and as a representative of an influential critical approach to the genre. The collection as a whole therefore provides both a guide and explanation to the various ways in which contemporary criticism has determined our understanding of the tragedies and the opportunity for assessing the wider issues such criticism raises. The collection begins by considering the impact of social semiotics on approaches to the tragedies before moving on to deal in turn with the various forms of Marxist criticism, New Historicism, Cultural Materialism, Feminism, Psychoanalysis and Poststructuralism.

Hesitant Heroes Theodore Ziolkowski, 2018-05-31. Why Theodore Ziolkowski wonders does Western literature abound with figures who experience a crucial moment of uncertainty in their actions. In this highly original and engaging work he explores the significance of these unlikely heroes for literature and history. From Aeneas who wavered momentarily before plunging his sword into Turnus's chest to Hamlet, Orestes, Parzival, Wallenstein and others including Kafka, Josef K. Ziolkowski demonstrates that characters' private uncertainty reveals a classic opposition of binary forces. He describes how Aeneas, for example, was forced to choose between the ancient code of blood vengeance and the new civic virtues of law and justice. Ziolkowski asserts that the indecision of the characters reflects the tensions that authors observed in their own societies. Drawing on the insights of Hegel and Freud, he analyzes the ways in which these tensions represent turning points in cultural history. In stark contrast to Aeneas, Josef K. temporized for a year before his executioners thrust a knife into his heart. For Ziolkowski, the centuries separating Virgil and Kafka are ones in which the notion of the hero was transformed almost to the point of total inversion. He sheds light on this transformation and a corresponding change in literary form.
