Protecting Children and Supporting Families Gary Cameron, Jim Vanderwoerd, Leslea Peirson, 1997-01-01 **Protecting Children and Supporting Families** Gary Cameron, Jim Vanderwoerd, Leslea Peirson, 1997-01-01 This book highlights encouraging news about programs that produce better outcomes for disadvantaged children and families. It includes a comprehensive and up to date synthesis of the research evidence available on the effectiveness of these promising programs. Particular attention is given to programs with a demonstrated potential to prevent child abuse and neglect and family breakdown. Handbook of Child Maltreatment Jill E. Korbin, Richard D. Krugman, 2013-11-26 This Handbook examines core questions still remaining in the field of child maltreatment. It addresses major challenges in child maltreatment work starting with the question of what child abuse and neglect is exactly. It then goes on to examine why maltreatment occurs and what its consequences are. Next it turns to prevention treatment and intervention as well as legal perspectives. The book studies the issue from the perspective of the broader international and cross cultural human experience. Its aim is to review what is known but even more importantly to examine what remains to be known to make progress in helping abused children their families and their communities. Child Welfare for the Twenty-first Century Gerald P. Mallon, Peg McCartt Hess, 2014-09-09 The Adoption and Safe Families Act (ASFA) which became law in 1997 elicited a major shift in federal policy and thinking toward child welfare emphasizing children's safety permanency and well being over preserving biological ties at all costs. The first edition of this volume mapped the field of child welfare after ASFA's passage detailing the practices policies programs and research affected by the legislation's new attitude toward care. This second edition highlights the continuously changing child welfare climate in the U.S. including content on the Fostering Connections Act of 2008. The authors have updated the text throughout drawing from real world case examples and data obtained from the national Child and Family Services Reviews and emerging empirically based practices. They have also added chapters addressing child welfare workforce issues supervision and research and evaluation. The volume is divided into four sections: child and adolescent well being; child and adolescent safety permanency for children and adolescents; and systemic issues within services policies and programs. Recognized scholars practitioners and policy makers discuss meaningful engagement with families particularly Latino families health care for children and youth including mental health care effective practices with LGBT youth and their families placement stability foster parent recruitment and retention and the challenges of working with immigrant children youth and families. **The Child Welfare Challenge** James K. Whittaker, 2017-07-12 Within a historical and contemporary context this book examines major policy practice and research issues as they jointly shape child welfare practice and its future. In addition to describing the major problems facing the field the book highlights service innovations that have been developed in recent years. The resulting picture is encouraging especially if certain major program reforms are implemented and agencies are able to concentrate resources in a focused manner. The volume emphasizes families and

children whose primary recourse to services has been through publicly funded child welfare agencies The book considers historical areas of service foster care and adoptions in home family centered services child protective services and residential services where social work has an important role Authors address the many fields of practice in which child and family services are provided or that involve substantial numbers of social work programs such as services to adolescent parents child mental health education and juvenile justice agencies This new edition will continue to serve as a fundamental introduction for new practitioners as well as summary of recent developments for experienced practitioners

Child Welfare: Issues in child welfare Nick Frost, 2005 This collection focuses on child welfare in its specific sense welfare and social interventions with children and young people undertaken by State bodies or NGOs The term child welfare is deployed differently in diverse international settings In the United Kingdom child welfare tends to refer to individualised programmes for children who have experienced problems in their lives In India to take a contrasting example it can also refer to major housing and nutrition programmes This collection takes an inclusive approach to international perspectives The collection is completed by a new general introduction by the editor individual volume introductions and a full index Titles also available in this series include Medical Sociology November 2004 4 Volumes 495 and the forthcoming collection Health Care Systems 2005 3 Volumes c 395

Child Welfare Kathleen Kufeldt, Brad McKenzie, 2003-06-06 Papers presented from the 2000 Child Welfare Symposium have been collected together as a single volume of research on child welfare practice This book will be valuable to practitioners and policy makers in the field of child welfare and covers many areas of interest to social workers dealing with child protection alternative care and families

Shattered Bonds Dorothy Roberts, 2002-12-25 *Shattered Bonds* is a stirring account of a worsening American social crisis the disproportionate representation of black children in the US foster care system and its effects on black communities and the country as a whole Tying the origins and impact of this disparity to racial injustice Dorothy Roberts contends that child welfare policy reflects a political choice to address startling rates of black child poverty by punishing parents instead of tackling poverty's societal roots Using conversations with mothers battling the Chicago child welfare system for custody of their children along with national data Roberts levels a powerful indictment of racial disparities in foster care and tells a moving story of the women and children who earn our respect in their fight to keep their families intact

Community Work Approaches to Child Welfare Brian Wharf, 2002-02 *Community Work Approaches to Child Welfare* presents a number of case studies that illustrate alternative approaches to child welfare that recognizes the strengths and tenacity of families who live in resource poor and essentially unfriendly environments and that would drive middle class professionals to distraction The strengths of these families can be harnessed to improve their situation and that of others Community work approaches are provided by accessible organizations that involve families in the design and implementation of programs that affect them and that are dedicated to developing the capacity of communities to care for children and families The case studies range from urban child welfare agencies in

Toronto and Winnipeg to the rural setting of Hazelton B C and to examples of First Nation communities that have taken control of child welfare The studies are written by Canadian scholars who are widely recognized for their innovative research and writing in community work and child welfare Community Work Approaches to Child Welfare is also an indictment of the policies and practices that now govern the provision of child welfare services in Canada The indictment argues that the policies that hold parents and particularly single parent women responsible for the care of their children without regard for the circumstances in which these families live is neither realistic nor helpful It further holds that individualized and office based practice dominated by a paradigm of risk turns clients into objects thereby robbing them of their dignity and strengths Community approaches make a viable alternative *Christian Scholar's Review* ,2001 Journal of Education for Social Work ,1998 *Effects of Family Group Decision Making in a Voluntary Family Maintenance Program* Brenda L.
