Baseball Players' Best Seasons Michael S. Jones, 2001 More than any other sport baseball is about statistics the numbers do not lie The players who shine in the boxscore are the ones most likely remembered and a single spectacular season can cement a player's place in history This book acknowledges not only the baseball fan's passion for player to player comparisons but also the tug of team loyalty on the game's enthusiasts Providing the statistical tools to better gauge the performance of players between teams and through time the work allows Cubs fans for instance to ask and answer whether the best deadball performances by Brown Reulbach and Vaughn should be weighed more lightly than those by pitchers like Alexander Warneke and Jenkins who shined in later more hitter friendly eras Team by team for both the National and American leagues this reference ranks the best season performances by position in baseball history A dual ranking system considers both the volume and the rate of success achieved by a player in a particular season with several sabremetric devices forming the basis of the rankings All Star line ups are compiled for each team as well as a brief history of each team and its players Phil Dixon's American Baseball Chronicles Great Teams: The 1905 Philadelphia Giants, Volume III Phil S. Dixon, 2010-02-19 Philadelphia's 1905 African American Giants were the first team of the last century to score 1 000 runs Organized in 1902 by Harry A Smith and H Walter Schlichter the Giants were managed by veteran player manager Solomon Sol White In 1904 the Giants defeated the Cuban X Giants to claim their first World's Championship a title that they held for many years The White led 1905 Philadelphia Giants featured among others outfielder Pete Hill third baseman Bill Monroe first baseman Mike Moore second baseman Charlie Grant and pitchers Emmett Bowman and Dan McClellan White Hill and Foster are currently enshrined in Cooperstown Baseball Hall of Fame Paced by Grant Home Run Johnson the most powerful home run hitter in baseball along with Andrew Rube Foster one of baseball's best pitcher White's 1905 Philadelphia Giants finished the season with a magnificent 134 23 2 record This is their story uniquely told here for the first time in a day to day account of every exciting hit and every legendary strike out In honor of the 1905 Philadelphia Giants contribution to our American pastime Dixon's American Baseball chronicles has compiled statistics and game notes from the entire championship season Included within the book are written accounts for every game from the Philadelphia Giants entire 1905 schedule of nearly 158 contests with scores attendance figures and other seldom revealed information The work includes additional information on more than 300 additional games played by the Cuban X Giants Chicago Leland Giants Brooklyn Royal Giants and other African American teams in operation during that same 1905 season The comparative scores and related histories are a resourceful and entertaining aid for further analysis and assessment on the participation of African American athletes in baseball as best represented by one legendary team in a single championship season *Dr Z's Nfl Guidebook* William T Ziemba, Leonard C Maclean, 2018-09-17 This guidebook presents historical and new material to assist the reader to understand NFL game strategies and provides a winning betting strategy The authors William Ziemba and

The History of Baseball: Its Great Players, Teams and Managers Allison Danzig, Joseph L. Reichler, 1959

Baseball's Best Careers Michael S. Jones, 2001 A great career in baseball takes unflagging excellence year after year and is a demanding measure of success This work presents rankings of the best career performances in baseball history by position for each team in the American and National leagues Players are measured both by rate and volume of success The rankings are also translated into All Star lineups for each team Baseball's Best Careers in a departure from other latter day stats books everywhere adheres to common sense The book for instance assigns a players career performance to a single primary team The numbers of Rogers Hornsby then who batted 380 and hit 39 home runs for the Cubs in 1929 are attributed to the St Louis Cardinals for whom Hornsby played most of his games And so the historic value of the second basemans career is preserved and Ryne Sandberg Johnny Evers Glenn Beckert and Billy Herman the rightful contenders for the Cubs all time spot at second are free to fight it out Several sabremetric measures are employed in compiling the rankings which have been adjusted for hitting and pitching biases over periods of time Raw historical statistics are examined and the author explains why some statistics are used in his work to measure performance while others are discarded as nonindicators of performance For each team statistical ratings and rankings are provided as are brief player profiles of that clubs All Star team members
