**Human Rights** Randolph L. Braham, 1980 *The Historical Magazine, and Notes and Queries Concerning the Antiquities, History, and Biography of America*, 1871 Against Imprisonment David Scott, 2018-02-28 A collection of writings by Dr David Scott which build on his work teaching criminology for over 20 years Against Imprisonment includes topics such as The Changing Face of the Prison justifications of punishment prison violence and the shortcomings of prisons and mega prisons Very much against the current political obsession with increasing incarceration this book is a wake up call for all those who feel the use of imprisonment is failing to achieve a reduction in crime Provides a compelling analysis of the failings of imprisonment Sheds new light on this pressing topic Explains why prisons do not work for most offenders From the Foreword Scott systematically dismantles widely accepted justifications for punishment on ethical political philosophical and practical grounds forcefully demonstrating that the only clear purpose of imprisonment is the infliction of pain and suffering on all those who come into contact with the prison place whether as detainees or staff He provides us with fascinating glimpses into what he describes as modern day cathedrals of pain Turning the utopian myth that prison works on its head he invites us to imagine real utopian non penal alternatives to punishment that respect human dignity and deliver genuine social justice Emma Bell

**Notes and Queries**, 1885 Radical Pacifism in Modern America Marian Mollin, 2013-05-29 Radical Pacifism in Modern America traces cycles of success and decline in the radical wing of the American peace movement an egalitarian strain of pacifism that stood at the vanguard of antimilitarist organizing and American radical dissent from 1940 to 1970 Using traditional archival material and oral history sources Marian Mollin examines how gender and race shaped and limited the political efforts of radical pacifist women and men highlighting how activists linked pacifism to militant masculinity and privileged the priorities of its predominantly white members In spite of the invisibility that this framework imposed on activist women the history of this movement belies accounts that relegate women to the margins of American radicalism and mixed sex political efforts Motivated by a strong egalitarianism radical pacifist women rejected separatist organizing strategies and instead worked alongside men at the front lines of the struggle to construct a new paradigm of social and political change Their compelling examples of female militancy and leadership challenge the essentialist association of female pacifism with motherhood and expand the definition of political action to include women's political work in both the public and private spheres Focusing on the vexed alliance between white peace activists and black civil rights workers Mollin similarly details the difficulties that arose at the points where their movements overlapped and challenges the seemingly natural association between peace and civil rights Emphasizing the actions undertaken by militant activists Radical Pacifism in Modern America illuminates the complex relationship between gender race activism and political culture identifying critical factors that simultaneously hindered and facilitated grassroots efforts at social and political change

**Judicial Statistics, England and Wales** Great Britain. Home Office, 1898 Vols for 1857

1921 issued in two parts Pt 1 contains statistics on criminal proceedings Pt 2 contains statistics on civil proceedings The Upper Cloth Revolt in South Travancore Viju Wilson, 2025-10-27 In nineteenth century Travancore Kerala the lower caste women were not allowed to cover their upper body in public This book is a study of the Nadars who protested and their movement which came to be known as the Upper Cloth Revolt lasted from 1822 to 1859 It stands as a model movement for the subaltern communities in India The exceptional stories of resistance and defiance against the dominant ruling class and castes assertion of rights and liberative ventures opens up new horizons of hope for the communities who are still in the journey of their struggle and tells the subalterns to speak out against subjugation or they will remain powerless In this revolt religious faith worked as a source of liberation rather than a source of bondage Recollecting and interpreting the subaltern history open new pathways of liberation and provide energy to claim new space in societal life **Narrating the New African Diaspora** Maximilian Feldner, 2019-01-25 This book provides the first comprehensive survey and collection of Nigerian diaspora literature offering readings of novelists such as Chimamanda Ngozi Adichie Sefi Atta Helon Habila Helen Oyeyemi Taiye Selasi Chika Unigwe Chris Abani and Ike Oguine As members of the new African diaspora their literature captures experiences of recent Nigerian migration to the United States and the United Kingdom Examining representative novels such as Adichie's *Half of a Yellow Sun* and Habila's *Waiting for an Angel* Abani's *GraceLand* and Oyeyemi's *The Icarus Girl* the book discusses these novels literary and narrative methods and provides detailed analyses of two of the most common themes depictions of migratory experiences and representations of Nigeria Placing the novels in their relevant historical sociological philosophical and theoretical contexts *Narrating the New African Diaspora* presents an insightful study of current anglophone Nigerian narrative literature *Beyond These Walls* Tony Platt, 2019-01-08 You should definitely read this book What really struck me in reading *Beyond These Walls* was that Tony Platt had very seriously and carefully considered the contributions of social movements feminist queer disability and labor Angela Davis *Beyond These Walls* is an ambitious and far ranging exploration that tracks the legacy of crime and imprisonment in the United States from the historical roots of the American criminal justice system to our modern state of over incarceration and offers a bold vision for a new future Author Tony Platt a recognized authority in the field of criminal justice challenges the way we think about how and why millions of people are tracked arrested incarcerated catalogued and regulated in the United States *Beyond These Walls* traces the disturbing history of punishment and social control revealing how the criminal justice system attempts to enforce and justify inequalities associated with class race gender and sexuality Prisons and police departments are central to this process but other institutions from immigration and welfare to educational and public health agencies are equally complicit Platt argues that international and national politics shape perceptions of danger and determine the policies of local criminal justice agencies while private policing and global corporations are deeply and undemocratically involved in the business of homeland security Finally *Beyond These Walls* demonstrates why efforts to reform criminal justice agencies have

often expanded rather than contracted the net of social control Drawing upon a long tradition of popular resistance Platt concludes with a strategic vision of what it will take to achieve justice for all in this era of authoritarian disorder     **Public Documents of Massachusetts** Massachusetts,1894     **The Bankers' Magazine, and Journal of the Money Market** ,1877     News and Notes Correctional Education Association (U.S.),2006     **Weekly Notes of Cases Argued and Determined in the Supreme Court of Pennsylvania, the County Courts of Philadelphia, and the United States District and Circuit Courts for the Eastern District of Pennsylvania** ,1884     *A Continuation of the Editions of 1881 and 1888* Indiana,1892     **The Home Voices Speak Louder Than the Drums** Wanda Easter Burch,2017-05-15 Soldier mortals would not survive if they were not blessed with the gift of imagination and the pictures of hope wrote Confederate Private Henry Graves in the trenches outside Petersburg Virginia The second angel of mercy is the night dream Providing fresh perspective on the human side of the Civil War this book explores the dreams and imaginings of those who fought it as recorded in their letters journals and memoirs Sometimes published as poems or songs or printed in newspapers these rarely acknowledged writings reflect the personalities and experiences of their authors Some expressions of fear pain loss homesickness and disappointment are related with grim fatalism some with glimpses of humor     *Records of the English province of the Society of Jesus ... in the sixteenth and seventeenth centuries* Henry Foley,1878     **The English Reports: Nisi Prius (1688-1867)** ,1928     *The Friend* ,1879     **Report of Robert T.
