Handbook for Conducting Drug Abuse Research with Hispanic Populations Robert C. Freeman,Yvonne P. Lewis,Héctor Manuel Colón,2002 This volume with accompanying CD ROM is a compendium of information providing practical guidelines for individuals doing drug abuse research with Hispanic populations Aimed at graduate students and researchers or service providers initiating programs with Hispanic communities it also provides ample substance for seasoned researchers The material is drawn from the field work of countless investigators who in the course of conducting drug abuse research targeted at the Hispanic population have designed studies collaborated with communities conducted outreach recruited participants developed and tested instruments collected and analyzed data followed up with clients and considered ways of returning something to the community after their research was completed The CD ROM provides not only the volume s electronic text but also decision tree scenarios of each major component activity to initiate and conduct research with Hispanic populations This handbook was written largely because many drug abuse researchers in the 1980s and 90s operated under the assumption that the methods and approaches useful with non Hispanic subjects could also be utilized with Hispanics That approach ignored such moderating variables as acculturation language and core values As a consequence the benefits of research findings did not always accrue to Hispanics This volume contributes significantly to filling this gap in drug abuse research **Annual Report** Universitywide AIDS Research Program (University of California (System)),1995 **National Guide to Funding in Health** Foundation Center,2003 Foundation Reporter ,2000 National Directory of Grantmaking Public Charities ,1998 *Guide to Funding for International and Foreign Programs* ,2004 *Partners in Prevention* ,1997 Directory of Biomedical and Health Care Grants 2004 Oryx Press,Grants Program,Program] [Grants,2005 This latest edition covers over 2 300 funding sources from all levels of government corporations and foundations **Grant\$ for Social Services** ,1994 **AIDS Information Sourcebook** Harold Robert Malinowsky,Gerald J. Perry,1991 This updated and expanded third edition featuring a new glossary of nearly 500 AIDS

related terms is intended to provide health care professionals public information facilities and librarians with details of more than 900 AIDS related organizations **3rd National AIDS Conference and 1st HIV/AIDS Partnership Forum ,2002**
