From out of a Dark Corner Evelyn Roth, 2008-03-07 From Out of a Dark Corner is a true story of the work I did in a halfway house for young people with major mental illness I organized a musical group there and met a man with a severe Obsessive Compulsive Disorder O C D who had a beautiful voice and was living in the facility He had been in and out of state hospitals for over twenty years taking medication which caused him to act very drugged He was erroneously diagnosed with schizophrenia from several psychiatrists over the years and was destined to live a terrible institutionalized life I had just graduated Florida International University with a degree in psychology and applied whatever knowledge I had about mental illness in order to help him At the time I was married to another man but later divorced him because I fell in love with Marty After reading Dr Leonard Cammers book Freedom from Compulsion I diagnosed Martys problem correctly and spent years helping him with his repetitive rituals and excessive hand washing I was also able to help him relive his childhood with his mentally sick mother until he got much better I chose the title From Out of a Dark Corner because Marty spent day after day sitting in his bedroom in a corner not doing much of anything except attending the halfway house He also helped me to leave my dark corner because of the fear I had that I too would suffer psychotic episodes like my poor mother did Today Marty doesnt take any medication for O C D and lives a normal life socializing with my friends and singing professionally

Autobiography of a Repaired Physician Prospero Shimshon Shimon, 2011-01-29 The Autobiography of a Repaired Physician Mental Health as Seen from Both Sides of the Desk is a trilogy Book I deals with my life before during and after the emergence of an attack of bipolar disorder The shattering consequences of the disorder and the personal history that precede it are discussed in great clinical and personal detail My chief concern is that the reader comprehend how the past present and future come into play in understanding the outcome in the treatment of this destructive and deadly disease Book II concerns the social stigma associated with having a history of the disorder and the many pitfalls clinically psychologically and socially that exist for an individual such as myself who is charged with the professional responsibility of caring for people suffering from similar afflictions Book III is about my adventures in the real world as I have seen it It relates to the madness of our world in which the ever present and infuriating search for power prestige and possessions appear unfortunately to be the primary determinants of behavior in our society Many of my closest friends have tried to dissuade me from writing about this issue because they feared I would be exposing myself to further social stigma I feel strongly that those who have suffered from the destructive effects of the spectrum of bipolar disorder must know how treatment works and what pitfalls to avoid in treatment As a physician it is my duty to heal myself and with the help of some very talented colleagues I have been able to do just that My struggle continues and in that sense more
