Relearning Marketing for an AI World Dr. Ailie Tang, The marketing world has changed but the foundations still matter This book shows you how to bring timeless frameworks like the 4Ps Product Price Place Promotion and STP Segmentation Targeting Positioning into today's AI driven landscape Whether you're 1 New to marketing curious how AI is reshaping the field 2 Returning to marketing after years away from the textbooks or 3 An experienced marketer facing rapid digital disruption This book gives you a clear practical roadmap to thrive in the AI era Inside you'll learn how top brands like Walmart Amazon Nike Spotify and Starbucks use AI to drive segmentation pricing personalization and promotion All references are drawn directly from official company disclosures such as annual reports and press releases or from leading research institutions and tech companies including McKinsey Company IBM Microsoft This disciplined sourcing approach is intended to uphold the accuracy validity and credibility of the analyses and insights presented throughout this book If your marketing knowledge feels outdated or fragmented this book is your bridge between what you know and what works now No jargon No hype Just real strategies backed by credible sources and practical examples 1 Relearn timeless principles 2 Rethink your strategy 3 Rediscover growth in the age of AI

Popular Music in a Digital Music Economy Tim Anderson, 2013-12-17 In the late 1990s the MP3 became the de facto standard for digital audio files and the networked computer began to claim a significant place in the lives of more and more listeners The dovetailing of these two circumstances is the basis of a new mode of musical production and distribution where new practices emerge This book is not a definitive statement about what the new music industry is Rather it is devoted to what this new industry is becoming by examining these practices as experiments dedicated to negotiating what is replacing an object based industry oriented around the production and exchange of physical recordings In this new economy constant attention is paid to the production and licensing of intellectual property and the rise of the social musician who has been encouraged to become more entrepreneurial Finally every element of the industry now must consider a new type of audience the end user and their productive and distributive capacities around which services and musicians must orient their practices and investments

New Business Models in the Course of Global Crises in South Asia Amina Omrane, Sudin Bag, 2021-10-19 To survive and sustain businesses during such times of crisis becomes difficult for managers and entrepreneurs This in turn amplifies the importance of designing new flexible and adaptive business models This book addresses different business situations that occur during national and global crises such as the COVID 19 pandemic Specifically it proposes new and inspiring business models for various industries such as service and retail industry using different statistical software like SPSS and AMOS It discusses the various changing elements of businesses such as the application of artificial intelligence AI and machine learning and how to cope with these unexpected business elements to maintain sustainable development

The Rise of the Curator Class Steffon Davis, 2019-03-14 Pairing big ideas in marketing with the popular activity of content

curation The Rise of the Curator Class positions curation as a humanization movement that is restructuring the internet Curation is set to overturn the 2 2 trillion global creative industry revolutionizing how we create market and discover content In the era of content overload and fake news in which everything to buy listen to read or watch is available online there is one group of people who have learned to thrive in this climate of superabundance the curator class whose influence and power grows as more people look to them as guides This new curator class is rewriting traditional curation tackling the overload and making sense of it for others In the past curation was available to an elite few Now internet platforms such as Pinterest Spotify and Twitter empower hundreds of millions of people to curate their ideas for anyone who may be interested revolutionizing how content is marketed and sold The Rise of the Curator Class explains how curation is disrupting internet commerce as consumer trust moves farther away from traditional brands and closer to the curators who lead tastes and it equips readers to think critically about how curation can work for them **Billboard** ,2011-10-01 In its 114th year Billboard remains the world s premier weekly music publication and a diverse digital events brand content and data licensing platform Billboard publishes the most trusted charts and offers unrivaled reporting about the latest music video gaming media digital and mobile entertainment issues and trends *The Musician's Business and Legal Guide* Mark Halloran,2017-03-16 The Musician s Business and Legal Guide provides vital information to help demystify the music business and the complex body of law that shapes it This book answers such questions as how to protect name and copyright what is and is not legal about sampling what are the legal issues surrounding digital downloads and streaming what are the jobs of managers talent agents and publishers what are common contractual relationship between independent and major labels The new edition includes chapters not covered in depth by other books social media law TV talent shows YouTube and international copyright As in previous editions the book features clause by clause contract analyses for 360 record deals music publishing management and producer agreements Virtual Identities and Digital Culture Victoria Kannen,Aaron Langille,2023-02-28 Virtual Identities and Digital Culture investigates how our online identities and cultures are embedded within the digital practices of our lives exploring how we form community how we play and how we re imagine traditional media in a digital world The collection explores a wide range of digital topics from dating apps microcelebrity and hackers to auditory experiences Netflix algorithms and live theatre online and builds on existing work in digital culture and identity by bringing new voices contemporary examples and highlighting platforms that are emerging in the field The book speaks to the modern reality of how our digital lives have been forever altered by our transnational experiences one of those key experiences is the pandemic but so too is systemic inequality questions of digital privacy and the role of joy in our online lives A vital contribution at a time of significant social and cultural flux this book will be highly relevant to those studying digital culture within media communication cultural studies digital humanities and sociology departments Die Rache des Analogen David Sax,2017-03-28 Ein leidenschaftliches Pl doyer f r die realen Dinge des Lebens Auf dem Weg zur digitalen Utopie
