Malone, 2015-07-07 A groundbreaking book that sheds new light on the vital importance of teams as the fundamental unit of organization and competition in the global economy Teams we depend on them for both our professional success and our personal happiness But isn't it odd how little scrutiny we give them The teams that make up our lives are created mostly by luck happenstance or circumstance but rarely by design In trivial matters say a bowling team the leadership of a neighborhood group or a holiday party committee success by serendipity is already risky enough But when it comes to actions by fast moving start ups major corporations nonprofit institutions and governments leaving things to chance can be downright dangerous Offering vivid reports of the latest scientific research compelling case studies and great storytelling Team Genius shows managers and executives that the planning design and management of great teams no longer have to be a black art It explores solutions to essential questions that could spell the difference between success and obsolescence Do you know how to reorganize your subpar teams to turn them into top performers Can you identify which of the top performing teams in your company are reaching the end of their life span Do you have the courage to shut them down Do you know how to create a replacement team that will be just as effective without losing time or damaging morale And most important are your teams the right size for the job Throughout Rich Karlgaard and Michael S Malone share insights and real life examples gleaned from their careers as journalists analysts investors and globetrotting entrepreneurs meeting successful teams and team leaders to reveal some new truths The right team size is usually one fewer person than what managers think they need The greatest question facing good teams is not how to succeed but how to die Good chemistry often makes for the least effective teams Cognitive diversity yields the highest performance gains but only if you understand what it is How to find the bliss point in team intimacy and become three times more productive How to identify destructive team members before they do harm Why small teams are 40 percent more likely to create a successful breakthrough than a solo genius is Why groups of 7 2 150 and 1 500 are magic sizes for teams Eye opening grounded and essential Team Genius is the next big idea to revolutionize business **How to Do Everything MacBook Air** Jason R. Rich, 2012-08-13 Take your MacBook Air to new heights Discover how to get more than ever before out of Apple s incredibly thin and light notebooks with help from this hands on guide How to Do Everything MacBook Air shows you how to harness the power of the new Mac OS X Mountain Lion operating system and use iTunes iWork iLife iCloud Safari Contacts Calendar Reminders Notification Center Mail and other

powerful apps Tap into all the computing power built into Apple's ultra portable MacBook Air while you're at home at work or on the go Custom configure your MacBook Air and navigate with the Multi Touch trackpad Get the most out of the new Mac OS X Mountain Lion operating system Transfer data from a PC or another Mac Manage your email accounts with the Mail app Sync all of your data and devices via iCloud Connect peripherals Bluetooth devices printers cameras and more Use your MacBook Air to connect to Facebook Twitter Google Flickr Tumblr LinkedIn and other services Maximize productivity tools such as Microsoft Office and the iWork apps Download and play movies TV shows and games Manage your iTunes Library Get organized with the new Contacts Calendar and Reminders apps Communicate efficiently using the Messages app Video chat with FaceTime or Skype Run Microsoft Windows programs on your MacBook Air Update back up troubleshoot and maintain your MacBook Air
