Promoting Learning Aspects Of Educational And Training Technology:

Learning Together Nancy Falchikov, 2003-08-27 The number of students in higher education has expanded dramatically in recent years but funding has not kept pace with this growth The result is less contact time for lecturers and their students and corresponding worries about how the quality of teaching and learning can be improved Peer tutoring is one method which is growing in popularity and has already proved successful in a number of countries This book provides an introduction to the methods and practice of peer tutoring focusing on how to set up schemes and how to cope with common problems It discusses the theory behind this form of learning and the beneficial effects associated with it Summaries are included at the end of each chapter

Reward Management Geoff White, Janet Druker, 2004-08-02 There have been fundamental changes in remuneration practices in the UK over the last quarter century with a substantial decline in collective bargaining as the major method of pay determination and the growth of more individualistic systems based on employee performance skills or competency This new text which includes chapters by major UK academics and consultants who are specialists in the reward management field is the first to adopt a critical and theoretical approach to these changes in reward systems It covers the Institute of Personnel and Development's reward syllabus but unlike other reward books takes a thematic and theoretical approach to the material
