Roblox Roleplay Near Me Ideas:

Swarms, Viral Writing, and the Local Carl Whithaus, 2025-04-15 *Swarms* examines the social and rhetorical dynamics around emerging writing technologies. Carl Whithaus argues that these dynamics work across networked publics as patterns of behavior and ways of interacting through and with multimodal texts. This rhetorical analysis of the production and reception of born digital rhetoric shows the ongoing and evolving impacts of online public discourse that can lead to bad restaurant reviews or the subversion of democracy. It is a networked process that gains significance because of the interplay and tensions between the global and the local. As these texts are created, distributed, received, and then recreated and shared again in viral ways, different messages resonate across media ecologies. Whithaus documents how emerging social dynamics shape and are shaped by digital writing, reading, and distribution technologies. *Interactive*

Storytelling María Cecilia Reyes, Frank Nack, 2026-01-01 This two-volume set constitutes the refereed proceedings of the 18th International Conference on Interactive Digital Storytelling (ICIDS 2025) held in Saint Julian, Malta, during December 1-5, 2025. The 31 full papers, 4 short papers, and 19 Late Breaking Works included in this book were carefully reviewed and selected from 110 submissions. This year, the thematic areas of the conference were organized into five main sections: Theory, History and Foundations, Methods, Tools, and Updates, Applications, and Case Studies, Social, Cultural, and Critical Perspectives, and the Late Breaking works.

Daqinix's Group Recount: Complete Edition Daqinix, 2025-09-30 Across more than a decade, Daqinix built, experimented, failed forward, and created worlds that shaped entire communities on Roblox. This definitive volume collects the complete journey from the earliest startups and clunky Paint logos through the breakout successes that defined eras to the quieter groups that taught lessons along the way. Inside, you'll find the trials and triumphs that made a creator, the ambitious airlines, the iconic hotels, the unexpected detours, and the brands that became legends like FreshLane and McDonalds. Together, they form not just a history of groups but a story of growth, resilience, and imagination. This is more than a record of groups; it's the archive of a legacy.

The Sociology of Violent Extremism Suraj Lakhani, Amarnath Amarasingam, 2025 *The Sociology of Violent Extremism* is an essential collection addressing key challenges in studying violent extremism. Since 9/11, terrorism literature has expanded, aiming to understand, prevent, and predict evolving threats. However, early research often lacked academic rigor and empirical depth. As the field has developed, more thorough studies have appeared, but the focus is often reactive, centred on recent attacks and ideological waves, and tends to remain isolated from other disciplines. The urgent need for policy relevance has limited deep theoretical exploration. Despite these challenges, valuable contributions have come from criminology, psychology, sociology, social psychology, and communications theory. Yet, sociological theory is still underused in terrorism studies. *The Sociology of Violent Extremism* highlights the importance of a sociological approach to understanding violent extremism. It promotes using established theoretical frameworks to gain deeper insights into the social dynamics of these phenomena. This book features

interdisciplinary case studies and theoretical developments showing the value of sociological perspectives in addressing current issues in violent extremism The book aims to provide researchers with a theoretical toolbox that can be deployed in their own work encouraging the use of sociological theories to improve the understanding of violent extremism and develop effective countermeasures It emphasizes viewing violent extremism as a result of complex social processes embedded in societal structures Provided by publisher **Roblox - Brookhaven RP** Luciana Priscila,2025-09-09 Roblox Brookhaven RP Secrets and Strategies Ready to be the master of Brookhaven in Roblox Unlock the exclusive secrets of Brookhaven RP Discover how to customize your avatar earn Robux in game explore secret locations and win rare items Learn the strategies that will help you master roleplay form epic teams and protect your properties from invaders With this guide you ll become the most influential player in the game and enjoy every corner of Brookhaven like never before Get it now and start dominating Brookhaven RP with strategies that actually work *R.A.G.E.* Antonio Simon Jr.,2014-11-07 Written by an award winning fantasy novelist and avid gamer R A G E is an innovative roleplaying game system This enhanced edition produces unforgettable adventures for you and your friends All you need to get started are some friends dice a pulse and a sense of humor roughly in that order See why this game is all the R A G E **The Little Book of Prop Boxes for Role Play** Sally Featherstone,2001
