KARMA

The amount of good works/ actions, following your **DHARMA** (duty) that you perform. The more good Karma you build up in your **ATMAN** (Soul) during your life, the better your rebirth.

If your atman has better Karma than the previous life then you will be reborn into a higher life form. **EVENTUALLY** your Atman will not be reborn into another body. You will achieve

MOKSHA

– release from Samsara and be at one with Brahman.

A continual cycle of birth-death-rebirth

William Walker Atkinson

Proofs Of Reincarnation:

Reincarnation Annie Besant,1892 **Reïncarnation** Annie Besant,1897 *The Evidence of Immortality* Jerome A. Anderson,1899 The Path ,1896 *Reincarnation, a Hope of the World* Irving Steiger Cooper,1979 Reincarnation and the Law of Karma William Walker Atkinson,1908 By Reincarnation we mean the repeated incarnation or embodiment in flesh of the soul or immaterial part of man s nature The term Metempsychosis is frequently employed in the same sense the definition of the latter term being The passage of the soul as an immortal essence at the death of the body into another living body The term Transmigration of Souls is sometimes employed the term being used in the sense of passing from one body into another But the term Transmigration is often used in connection with the belief of certain undeveloped races who held that the soul of men sometimes passed into the bodies of the lower animals as a punishment for their sins committed during the human life But this belief is held in disrepute by the adherents of Reincarnation or Metempsychosis and has no connection with their philosophy or beliefs the ideas having sprung from an entirely different source and having nothing in common There are many forms of belief many degrees of doctrine regarding Reincarnation as we shall see as we proceed but there is a fundamental and basic principle underlying all of the various shades of opinion and divisions of the schools This fundamental belief may be expressed as the doctrine that there is in man an immaterial Something called the soul spirit inner self or many other names which does not perish at the death or disintegration of the body but which persists as an entity and after a shorter or longer interval of rest reincarnates or is re born into a new body that of an unborn infant from whence it proceeds to live a new life in the body more or less unconscious of its past existences but containing within itself the essence or results of its past lives which experiences go to make up its new character or personality It is usually held that the rebirth is governed by the law of attraction under one name or another and which law operates in accordance with strict justice in the direction of attracting the reincarnating soul to a body and conditions in accordance with the tendencies of the past life the parents also attracting to them a soul bound to them by some ties in the past the law being universal uniform and equitable to all concerned in the matter This is a general statement of the doctrine as it is generally held by the most intelligent of its adherents *Reincarnation* Irving Steiger Cooper,1927 Lucifer ,1889 **Reincarnation, the Hope of the World** Irving Steiger Cooper,1920 **Road to Self Knowledge** Rudolf Steiner,2017-08-29 Rudolf Steiner s Road to Self Knowledge consists of eight meditations or spiritual guides The eight topics explored are The Physical Body The Etheric Body Clairvoyant Cognition of the Elemental World The Guardian of the Threshold The Astral Body The Ego Body or Thought Body The Character of Experience in the Supersensible Worlds and The Way in Which Man Beholds His Repeated Earth Lives

The Self and Its Sheaths Annie Besant,1895 **The Search for Yesterday** D. Scott Rogo,1985 The amount of evidence in favor of reincarnation is massive apparently overwhelming But is it after all incontrovertible In The Search for Yesterday famed author researcher D Scott Rogo subjects the evidence for rebirth to minute and objective examination And much of it he finds cannot stand up under such scrutiny But what about the remainder those incredible thoroughly documented unimpeachably witnessed cases that seem to defy any normal explanation Surely they establish the reality of reincarnation beyond any reasonable doubt Or do they In this incisive book Rogo offers a whole new theory about the meaning of these cases something akin to but more complex than simple reincarnation Among many other questions that this groundbreaking book examines are What role may inherited or genetic memory play in reincarnation cases How is it possible for two children to recall the same past life How are past life memories related to altered states of consciousness hypnosis and the experience of d j vu If you are seriously interested in any aspect f the uncanny world of psychic phenomena you will want to read this book for it may well become one of the classics in the field back cover **Pacific Theosophist** ,1893

The Wine of Life Katherine Augusta Westcott Tingley,1925 **Marilyn Monroe Returns** Adrian Finkelstein,2007-06-01 Marilyn Monroe Returns tells the remarkable story of Sherrie Lea Laird a young Canadian singer whose life has an astonishing twist she seems to be the reincarnation of Marilyn Monroe Undeniable physical similarities coupled with the astonishing memories that surfaced during her therapy convinced Dr Finkelstein of her authenticity Will it convince you *Do you really die?* T. S. VISWANATHAN,2015-09-01 The fundamental purpose for me to write this book is to answer the age old question do you really die Is death final or not Does the soul exists and transmigrates if then where when why and how What could be the purpose for this human birth Are we really born and do we exist Or is it just an illusion Even amongst the human race why the differences I undertook a research in various ancient Sanskrit texts and other scriptures This I analyzed with modern scientific findings especially of Neuro scientists and cardiac specialists in their fields of Near death and Out of body experiences and astonishingly I found that what had been stated in ancient texts well adhered to modern scientific findings There is some energy inside our body called soul and it does not appear to die I find this soul body

Universe etc to be within the illusory world Within this framework of illusion the other findings take place like soul migrates soul does not die soul is not the body consciousness and soul are one soul enters other bodies when this body perishes soul seeks evolution soul enters liberation and final settlement At the boundary I would say everything is illusion and nothing what we see may be real These findings I had presented in this book and trust readers would find it useful

Reincarnation Manly Palmer Hall,1956 *Life Understood from a Scientific and Religious Point of View, and the Practical Method of Destroying Sin, Disease, and Death* Frederick Lawrence Rawson,1917 **Life Understood from a Scientific and Religious Point of View** Frederick Lawrence Rawson,1920
