## **Process Catholicism An Exercise In Ecclesial Imagination:**

**Process Catholicism** Robert L. Kinast, 1999 Process Catholicism offers an imaginative alternative to the present Catholic ecclesiology that the church in the U S currently struggles with which derives from a one sided determination of how church relationships should be understood structured and carried out Process thought consists of a dynamic organic empirical aesthetic and panentheistic worldview that is applied to Jesus relationships and Vatican II's treatment of the church utilizing the basic concepts of Alfred North Whitehead's notion of a society Kinast develops the concept of process Catholicism in terms of an ecclesial environment a preferential option for novelty a presumption in favor of new developments and movements within the church and a process treatment of the major test cases facing the Catholic church such as the ordination of women inculturation and public theological dissent

**Unruly Catholics from Dante to Madonna** Marc DiPaolo, 2013-10-03 During the Second Vatican Council the Roman Catholic Church went through a period of liberal reform under the stewardship of Popes John XXIII and Paul VI Successive popes sharply reversed course enforcing conservative ideological values and silencing progressive voices in the Church Consequently those Catholics who had embraced the spirit of Vatican II were left feeling adrift and betrayed In *Unruly Catholics from Dante to Madonna* scholars of literature film religion history and sociology delve into this conflict and historically similar ones through the examination of narratives by and about rebellious Catholics Essays in *Unruly Catholics* explore how renowned Catholic literary figures Dante Alighieri Oscar Wilde Graham Greene Evelyn Waugh and Gerard Manley Hopkins dealt with the disparities between their personal beliefs and the Church's official teachings Contributors also suggest how controversial entertainers such as Madonna Kevin Smith Michael Moore and Stephen Colbert practice forms of Catholicism perhaps worthy of respect Most pointedly *Unruly Catholics* addresses the recent sex abuse scandals considers the possibility that the Church might be reformed from within and presents three iconic figures Thomas Merton Dorothy Day and C S Lewis as models of compassionate and reformist Christianity

*Postmodern Fiction and the Break-Up of Britain* Hywel Dix, 2011-11-03 This study explores how British identity has been explored and renegotiated by contemporary writers It starts by examining the new emphasis on space and place that has emerged in recent cultural analysis and shows how this spatial emphasis informs different literary texts Having first analysed a series of novels that draw an implicit parallel between the end of the British Empire and the break up of the unitary British state the study explores how contemporary writing in Northern Ireland Scotland and Wales contributes to a sense of nationhood in those places and so contributes to the break up of Britain symbolically Dix argues that the break up of Britain is not limited to political devolution in Northern Ireland Scotland and Wales It is also an imaginary process that can be found occurring on a number of other conceptual coordinates Feminism class regional identities and ethnic communities are all terrains on which different writers carry out a fictional questioning of received notions of Britishness and so contribute in different ways to the break up of Britain
