Programme Management Demystified Managing Multiple Projects Successfully:

Portfolio and Programme Management Demystified Geoff Reiss, Paul Rayner, 2012-11-12 You are now responsible for a programme or you've got a portfolio to manage. Where do you start? Right here. Projects are not simply the bread and butter of an organisation. Form them into programmes or portfolios and they can be prioritised and integrated to deliver change to your organisation in line with your strategic vision. You will be able to control costs and risks and bring together a complex series of themes effectively. This overhauled second edition now combines portfolio management as a parallel theme with programme management and it is brought in line with the current thinking of the Association for Project Management and the Project Management Institute. It is written for managers in both the public and private sectors. This new edition includes half a dozen short case studies from Belgium's Fortis Bank, a software company, local government and central government along with more on cross functional management. Together with *Project Management Demystified* also from Routledge third edition 2007 it provides the tools to manage your projects, your programmes and your portfolio to a very high level.

Spon's Architects' and Builders' Price AECOM, 2014-09-09 Recovery in construction is still on track. Business confidence is increasing but still not yet secure. Following the 18% fall in tender prices between 2008 and 2013 price levels are beginning to recover some lost ground particularly in the residential sector and with London based projects. It is important to make sure tenders are competitive whilst minimising your risk as input material prices and labour rates continue to rise and tender prices are forecast to increase an average of 4.5% over the next 3 years reaching the pre 2008 recession levels in 2017. Spon's Architect's and Builders' Price Book compiled by AECOM still provides the most accurate detailed and professionally relevant construction price information for the UK. Its unique Tender Index updated through the year gives an ongoing reality check and allows you to adjust for changing market conditions. Although it suits a wide range of project sizes this is the only price book which sets out a detailed cost base for contracts exceeding 3 500 000 in value. Use the access code inside the front cover of the book to get set up with internet access to this 2015 edition until the end of December 2015. We now provide SPON'S Online a versatile and powerful online data viewing package. Major changes have been made to this 140th edition. As well as an overhaul of prices over new items have been added. These include New cost models for Business Parks and Data Centres. An expanded range of Kingspan roof and wall claddings. New ASSA ABBLOY sectional overhead doors including rapid opening and fabric. New ASSA ABBLOY industrial dock levellers and shelters. An increased range of Altro safety flooring and resin flooring systems. New Altro Whiterock hygiene doorsets.
