Plain Talk:

Homely Homilies; Or, Barnabas Blunt's Plain Talk for Plain Folk James Yeames,1874 *Catalogue of Copyright Entries*,1921 Plain Language Stefano Rastelli,2024-11-29 Plain Language A Psycholinguistic Approach employs principles from the field of psycholinguistics to explore factors that make a sentence or text easy or difficult to process by the cognitive mechanisms that support language processing and describes how levels of difficulty might function within bureaucratic power structures Drawing from experimental data on readability the author employs a metaphor of three ghost readers in the mind that exist and interact with each other the syntactic reader the one searching for the structure the statistical reader the one driven by previous experiences and finally the pragmatic reader the one searching for meaning The penultimate chapter concerns a novel psycholinguistic experiment showing that complexly written texts may prevent adult citizens with average literacy skills from accessing important information related to their health work and right to representation thereby drawing a line between the psycholinguistics of language comprehension and the maintenance of existing power structures Written in plain language itself this book is designed to be easily understandable from an undergraduate level and makes for fascinating reading for all students and researchers in linguistics and psycholinguistics as well as supplementary reading for students of sociolinguistics and related modules Students researchers and interested general readers will develop an understanding that knowing how the mind reads and understands language can help stakeholders to ensure equal access to information and democratic processes Congressional Record United States. Congress,1950 *The Government Manager's Guide to Plain Language* Judith G. Myers PhD,Judith G. Myers,2013-07 The ability to write well correlates highly with the ability to think well to analyze information weigh alternatives and make decisions Government managers must make instructions and policies clear to employees give effective presentations and communicate effectively with the public In addition government managers must model clear effective writing for their staffs A comprehensive chapter on using social media effectively and appropriately is included Plain Language in Government Writing Judith Gillespie Myers,2008-04-01 A Plain English Guide to Government Writing Whether you re in the public or private sector good writing skills are critical to your success in the workplace Plain Language in Government Writing A Step by Step Guide shows you how to apply federal plain language guidelines to every type of writing from emails memos and letters to agency communications technical procedures and budget justification statements Through numerous exercises as well as examples from a variety of federal and state agencies this practical guide walks you step by step through every phase of the writing process providing tips for improved clarity conciseness and completeness This valuable reference will help you Write for diverse audiences in reader friendly plain language Overcome writer s block Gain confidence in your ability to write and get results Make your writing visually appealing Prepare for briefings and presentations Recognize successful writing and identify what makes it effective A Plain English Guide to Government Writing will enable you to express yourself more clearly and concisely produce documents
