Management examines a range of critical questions that merit thoughtful interdisciplinary consideration such as Why do
business models and their innovation in particular matter today How can the process of business model innovation be
understood organized and managed adequately under increasingly volatile uncertain complex and ambiguous technological
business and geo political conditions What should decision making and risk management look like under these conditions
with managers whose rationality is bounded The book offers a detailed account of the relatively unknown process of business
model innovation by looking into the intersection of strategic operations and innovation management organizational design
decision making and performance management In doing so this book addresses fundamental issues and introduces new ideas
and theoretical perspectives In envisioning and thinking about various potential scenarios of business model innovation and
understanding how to organize for each of these under different conditions the book provides original arguments and
suggestions for practitioners For that purpose the book also offers many compelling real life examples of business models
and their innovation Combining theory and practice this book is an essential read for researchers and academics of business
