Role Of Inflection In Scandinavian Syntax:

The Role of Inflection in Scandinavian Syntax Anders Holmberg, Christer Platzack, 1995-06-29 The authors present a theory of the role which subject verb agreement and case morphology play in syntax based mainly on a detailed comparison of the syntactic and inflectional properties of the Scandinavian languages

Verb Movement and Expletive Subjects in the Germanic Languages Sten Vikner, 1995-04-13 This book is the study of two different kinds of variation across the Germanic languages One involves the position of the finite verb and the other the possible positions of the logical subject in constructions with expletive or dummy subjects The book applies the theory of Principles and Parameters to the study of comparative syntax Several languages are considered including less frequently discussed ones like Danish Faroese Icelandic and Yiddish

The Nordic Languages. Volume 1 Oskar Bandle, Kurt Braunmüller, Ernst Hakon Jahr, Allan Karker, Hans-Peter Naumann, Ulf Telemann, Lennart Elmevik, Gun Widmark, 2002 The handbook is not tied to a particular methodology but keeps in principle to a pronounced methodological pluralism encompassing all aspects of actual methodology Moreover it combines diachronic with synchronic systematic aspects longitudinal sections with cross sections periods such as Old Norse transition from Old Norse to Early Modern Nordic Early Modern Nordic 1550 1800 and so on The description of Nordic language history is built upon a comprehensive collection of linguistic data it consists of more than 200 articles written by a multitude of authors from Scandinavian and German and English speaking countries The organization of the book combines a central part on the detailed chronological developments and some chapters of a more general character chapters on theory and methodology in the beginning and on overlapping spatio temporal topics in the end

The Nordic Languages. Volume 1 Oscar Bandle, Kurt Braunmüller, Ernst Hakon Jahr, Allan Karker, Hans-Peter Naumann, Ulf Telemann, Lennart Elmevik, Gun Widmark, 2008-07-14 No detailed description available for NORDIC LANGUAGES BUNDLE 1 TLBD HSK 22 1 E BOOK

Working Papers in Scandinavian Syntax, 2006

Clause Structure and Language Change Adrian Battye, Ian Roberts, 1995-01-12 The Principles and Parameters approach to linguistic theory has triggered an enormous amount of work in comparative syntax over the last decade or so A natural consequence of the growth in synchronic comparative work has been a renewed interest in questions of diachronic syntax and this collection testifies to that trend These papers focus on questions of clause structure which have become a central theme of theoretical work since the pioneering work in the late 1980s by Chomsky Pollock and others The languages studied by an international roster of contributors include all the major Romance and Germanic languages This volume is of central importance for anyone working in theoretical comparative or historical syntax

Subjects, Expletives, and the EPP Peter Svenonius, 2002-09-19 This collection of previously unpublished articles examines Noam Chomsky's Extended Projection Principle and its relationship to subjects and expletives words like it that stand for other words Re-examining Chomsky's proposition that each clause must have a subject these articles represent the current state of the debate particularly with respect to the theory's universal applicability across

languages Presenting an international and highly respected group of contributors the volume explores these questions in a variety of languages including Italian Finnish Icelandic and Hungarian **Rethinking Verb Second** Rebecca Woods, Sam Wolfe, 2020-03-25 This volume provides the most exhaustive and comprehensive treatment available of the Verb Second property which has been a central topic in formal syntax for decades While Verb Second has traditionally been considered a feature primarily of the Germanic languages this book shows that it is much more widely attested cross linguistically than previously thought and explores the multiple empirical theoretical and experimental puzzles that remain in developing an account of the phenomenon Uniquely formal theoretical work appears alongside studies of psycholinguistics language production and language acquisition The range of languages investigated is also broader than in previous work while novel issues are explored through the lens of the more familiar Germanic data chapters also cover Verb Second effects in languages such as Armenian Dinka Tohono Oodham and in the Celtic Romance and Slavonic families The analyses have wide ranging consequences for our understanding of the language faculty and will be of interest to researchers and students from advanced undergraduate level upwards in the fields of syntax historical linguistics and language acquisition Verbstellung und Verbstellungswandel in den romanischen Sprachen Georg A. Kaiser, 2002 Eine im Bereich der romanistischen Sprachwissenschaft immer wieder vertretene Annahme besteht darin da die romanischen Sprachen insbesondere das Französische ursprünglich Sprachen mit einer strengen Verb Zweit Stellungseigenschaft gewesen sind und da die heute zu beobachtenden Verb Zweit Stellungsnomene Relikte dieser Eigenschaft darstellen In der vorliegenden Studie wird gezeigt da diese Annahme sowohl in traditionellen als auch in generativen Untersuchungen durch zahlreiche Widersprüche gekennzeichnet ist Besondere Beachtung findet die im Rahmen der generativen Grammatiktheorie vertretene These da die Verb Zweit Stellungseigenschaft parametrisch festgelegt und da der Verbstellungswandel in den romanischen Sprachen als Ergebnis eines Parameterwechsel anzusehen ist Es wird dargelegt da diese These weder in theoretischer noch in empirischer Hinsicht aufrechterhalten werden kann Dies wird durch eine eigene diachronische Untersuchung von Übersetzungen des alttestamentlichen Samuel Buches in verschiedene romanische Sprachen bestätigt Alle Übersetzungen mit Ausnahme der bündnerromanischen weisen Wortstellungsmuster auf die grundsätzlich nicht mit der Grammatik einer Verb Zweit Sprache vereinbar sind Es wird gezeigt da einige dieser Wortstellungsmuster typisch für Nicht Verb Zweit Sprachen sind und daher als Auslöser Trigger für die dementsprechende Fixierung des Verb Zweit Parameters fungieren können *The Nordic Languages and Modern Linguistics* Guðrún Þórhallsdóttir, 2000 *Deutsche Sprache*, 2000 What Moves where when in which Language? Norvin W. Richards, 1997 *Structures of Focus and Grammatical Relations* Jorunn Hetland, Valéria Molnár, 2003 Over the past few decades the book series Linguistische Arbeiten Linguistic Studies comprising over 500 volumes has made a significant contribution to the development of linguistic theory both in Germany and internationally The series will continue to deliver new impulses for research and maintain the central insight of linguistics that progress can only

be made in acquiring new knowledge about human languages both synchronically and diachronically by closely combining empirical and theoretical analyses To this end we invite submission of high quality linguistic studies from all the central areas of general linguistics and the linguistics of individual languages which address topical questions discuss new data and advance the development of linguistic theory *Faroese Language Studies* Michael Barnes,2001 **Proceedings of the ... West Coast Conference on Formal Linguistics** ,2006 The Syntax of Circumstantial Adverbials Øystein Nilsen,2000 *North-western European Language Evolution* ,2004 Acta Societatis Linguisticae Europaeae ,2008 **Was determiniert Wortstellungsvariation?** Brigitta Haftka,1994-03 Der Band vereinigt eine Reihe von Beiträgen die den derzeitigen Stand der Wortstellungsforschung widerspiegeln Neben Einblicken in die Faktorenanalyse und in eine dynamische Grammatik finden sich verschiedene moderne generative Beschreibungsansätze zur X-Bewegung zu Argument und Pronomenpositionen zu funktionalen Kategorien und Scrambling Des weiteren enthält das Buch Überlegungen zum Verhältnis der Wortstellung zu Kontext und Intonation zur gesprochenen Sprache und zum Kasuswechsel Diachrone und synchrone typologisch sprachvergleichende Untersuchungen u.a. zum Englischen Kroatischen Norwegischen Spanischen Urinselkeltischen und zu verschiedenen nichteuropäischen Sprachen einschließlich des Chinesischen runden den Band ab
