Teaching Difficult Topics Olivia R. Lucas, Laura Moore Pruett, 2024-10-14 Teaching Difficult Topics provides a series of on the ground reflections from college music instructors working in a wide variety of institutional settings about their approaches to inclusive supportive pedagogy in the music classroom Although some imagine the music classroom to be an apolitical space instructors find themselves increasingly in need of resources for incorporating issues of race and ethnicity gender and sexuality and historical trauma into their classrooms in ways that support student learning and safeguard their classroom communities The teaching reflections in Teaching Difficult Topics examine difficult themes that fall into three primary categories subjects that instructors sense to be controversial or emotionally challenging to discuss those that derive from or intersect with real world events that are difficult to process and bigger picture discussions of how music studies

often focuses on dominant narratives while overlooking other perspectives Some chapters offer practical guidance lesson plans and teaching materials to enable instructors to build discussions of race gender sexuality and traumatic histories into their own classrooms others take a more global view reflecting on the importance and relevance of teaching these difficult topics and on how to respond in the music classroom when external events disrupt daily life The British National Bibliography Arthur James Wells,1998 399 Days Jim Taylor,Pam Taylor,Caitlin Taylor,Ben Taylor,Lindsey Taylor,Abby Taylor,2017-03-29 This book tells the true story of one familys dream trip Like many young couples before having kids Jim and Pam enjoyed traveling together to new places Unlike most couples their traveling days did not stop when kids came along In fact their love for travel infected their whole family Every school break they would travel somewhere to explore a new state or visit a far off relative What would it be like to spend a whole year traveling together They tossed the idea around considered the places they might travel and the people they might see Especially alluring would be the special opportunities to knit their hearts together even tighter as a family This idea grew into a reality This book tells the story of that dream come true The Sonneck Society Bulletin ,1999 *Book Review Digest* ,2001-05 **American Book Publishing Record** ,2006
