Private Prisons And Public Accountability:

Private Prisons and Public Accountability Richard Harding,1997-01-01 Private Prisons and Public Accountability explores the contribution of private prisons to custodial practices standards and objectives Many experts believe that properly regulated and fully accountable private prisons could lead to improvement within the public prison system which has long been degenerate and demoralized Harding sees the total prison system as a single entity with two components public and private This volume will be a significant addition to the criminal justice literature but it will also appeal to sociologists policymakers and scholars interested in the privatization of various institutions in our society **Prison Industrial Complex For Beginners** James Braxton Peterson,2016-02-10 Prison Industrial Complex For Beginners is a graphic narrative project that attempts to distill the fundamental components of what scholars activists and artists have identified as the Mass Incarceration movement in the United States Since the early 1990s activist critics of the US prison system have marked its emergence as a complex in a manner comparable to how President Eisenhower described the Military Industrial Complex Like its institutional cousin the Prison Industrial Complex features a critical combination of political ideology far reaching federal policy and the neo liberal directive to privatize institutions traditionally within the purview of the government The result is that corporations have capital incentives to capture and contain human bodies The Prison Industrial Complex relies on the law and order ideology fomented by President Nixon and developed at least partially in response to the unrest generated through the Civil Rights Movement It is and has been enhanced and emboldened via the US war on drugs a slate of policies that by any account have failed to do anything except normalize the warehousing of nonviolent substance abusers in jails and prisons that serve more as criminal training centers than as redemptive spaces for citizens who might re enter society successfully Prison Industrial Complex For Beginners is a primer for how these issues emerged and how our awareness of the systems at work in mass incarceration might be the very first step in reforming an institution responsible for some of our most egregious contemporary civil rights violations Prisoners' Rights John Kleinig,2017-07-05 This volume brings together a selection of the most important published research articles from the ongoing debate about the moral rights of prisoners The articles consider the moral underpinnings of the debate and include framework discussions for a theory of prisoners rights as well as several international documents which detail the rights of prisoners including women prisoners Finally detailed analysis of the moral bases for particular rights relating to prison conditions covers areas such as health solitary confinement recreation work religious observance library access the use of prisoners in research and the disenfranchisement of prisoners **The Oxford Handbook of Criminology** Alison Liebling,Shadd Maruna,Lesley McAra,2017 Beginning with the history of criminology this updated and revised edition deals with topics as diverse as policing substance abuse juvenile crime statistics prisons victims and organised crime in Britain Private Prisons and Public Accountability University of Sydney. Byron Eugene Price,John Charles Morris,2012-09-20 This book examines the current state of both the theory and practice of prison privatization in the United States in the 21st century providing a balanced compendium of research that allows readers to draw their own conclusions about this controversial subject This three volume set brings together noted scholars and experts in the field to provide a comprehensive treatment of the subject of privatized prisons in the United States It is a definitive work on the topic that synthesizes current thought on both the theory and practice of prison privatization Volume I provides a broad brush overview of private prisons that discusses the history of prison privatization and examines the expansion of the private prison industry and the growth of inmate populations in the United States Volume II focuses on the corrections industry itself providing essays that explore the business models profit motivations economic factors and operations of the corporations that offer corrections services while Volume III explores the political and social environment of prison privatization Academics practitioners policy makers and advocates for and against private prisons will find this work useful and enlightening while general readers can use the unbiased information to draw their own conclusions in respect to the merits of prison privatization Vanderbilt Journal of Transnational Law ,1998 *Measuring Prison Performance*

Gerald G. Gaes,Scott D. Camp,Julianne B. Nelson,William G. Saylor,2004-09-14 Gaes and his distinguished coauthors offer a comprehensive analysis of public versus private management of prisons a competition that originated in the 1980s with the introduction of private facilities into the criminal justice system The authors argue that prison performance must be measured in reference to the goals of a particular prison system and introduce the technique of multilevel modeling to allow for simultaneous measurement of the individual and the institution They also show how their analytic framework can be applied to other criminal justice components _prosecution adjudication postrelease supervision policing_ and to evaluating the privatization of almost any publicly administered service They contend that the ability to meaningfully compare public and private prisons can better inform penal policy and improve prison performance and accountability This book will be a valuable resource for public administrators and policy analysts corrections personnel and criminologists Pro/con ,2002 A series of essays analyzing questions or dilemmas relating to social issues **While DMS Has Improved Monitoring, it Needs to Strengthen Private Prison Oversight and Contracts** Florida.
