Latimer Jackson, 2018-01-20 Excerpt from *The Problem of the Fourth Gospel* Looking to the Circumstances it had better be accompanied by something like a warning note To all intents and purposes a new book it wears but slight if any resemblance to its now superseded predecessor and there is significance in the fact that if old pages have been utilized not one of them re appears intact To speak quite frankly the contrast extends from arrangement and amplification to view and standpoint and should any one be at pains to institute a comparison he will scarcely fail to observe that to quote from the Preface to the earlier volume J have been only too glad to claim liberty to disagree with myself Nor will he be surprised if the question being of das Haupt problem aller bibel kritik the same liberty be claimed in the present instance Obviously a change of title was imperative and my regret on this score is that as there is no need to inform me the one ultimately acquiesced in promises far more than the book performs About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works **A Theology of the New Testament** George Eldon Ladd, 1993-09-02 Ladd's magisterial work on New Testament theology has well served scores of seminary students since 1974 Now this comprehensive standard evangelical text has been carefully revised by Hagner to include an update of Ladd's survey of the history of the field of New Testament theology an augmented bibliography and an entirely new subject index [The Problem of the Fourth Gospel](#)
