Problem Of A Chinese Aesthetic:

The Problem of a Chinese Aesthetic Haun Saussy, 1995-01-01 The Problem of a Chinese Aesthetic calls for and applies a new model of comparative literature one that instead of taking for granted the commensurability of traditions and texts gives incompatibility and contradiction their due Exposing contemporary literary theory to the risks of ancient Chinese literature and vice versa this book considers a linked series of case studies To what degree does the translation between languages and texts that we call comparative literature depend on allegory or translation within a single text or language The author offers an important new perspective on the reading of the Shih ching or Book of Odes and the question of allegory and metaphor in the Chinese poetic tradition Issues of Contemporary Art and Aesthetics in Chinese Context Eva Kit Wah Man, 2015-08-17

This book discusses how China's transformations in the last century have shaped its arts and its philosophical aesthetics For instance how have political economic and cultural changes shaped its aesthetic developments Further how have its long standing beliefs and traditions clashed with modernizing desires and forces and how have these changes materialized in artistic manifestations In addition to answering these questions this book also brings Chinese philosophical concepts on aesthetics into dialogue with those of the West making an important contribution to the fields of art comparative aesthetics and philosophy Chinese Aesthetics in a Global Context Zhirong Zhu, 2022-01-04 This book examines aesthetic issues based on humanities principles and creates a theory of Chinese aesthetics from a global perspective by applying China's traditional and cultural history to a Western theoretical framework In particular this book emphasizes the shared features of Confucianism Daoism and Buddhism namely the unity of heaven and men unity of nature and society and the materialization of human feelings and humanization of material things It also highlights the dominant role of humans in the aesthetic relationship between human and object while placing imagery in a focal position **Doctoral Dissertations on China and**

Goldin, 2002 The subject of sex was central to early Chinese thought Discussed openly and seriously as a fundamental topic of human speculation it was an important source of imagery and terminology that informed the classical Chinese conception of social and political relationships This sophisticated and long standing tradition however

has been all but neglected by modern historians In *The Culture of Sex in Ancient China* Paul Rakita Goldin addresses central issues in the history of Chinese attitudes toward sex and gender from 500 B C to A D 400 A survey of major pre imperial sources including some of the most revered and influential texts in the Chinese tradition reveals the use of the image of copulation as a metaphor for various human relations such as those between a worshiper and his or her deity or a ruler and his subjects In his examination of early Confucian views of women Goldin notes that while contradictions and ambiguities existed in the articulation of these views women were nevertheless regarded as full participants in the Confucian project of self transformation He goes on to show how assumptions concerning the relationship of sexual behavior to political activity assumptions reinforced by the habitual use of various literary tropes discussed earlier in the book led to increasing attempts to regulate sexual behavior throughout the Han dynasty Following the fall of the Han this ideology was rejected by the aristocracy who continually resisted claims of sovereignty made by impotent emperors in a succession of short lived dynasties Erudite and immensely entertaining this study of intellectual conceptions of sex and sexuality in China will be welcomed by students and scholars of early China and by those with an interest in the comparative development of ancient cultures
