Radical Beginnings Richard Hofstadter And The 1930s:

Radical Beginnings Susan Stout Baker, 1985-11-19 This in depth study draws on never before published early personal correspondence and interviews to trace Richard Hofstadter's early career from his family's background in Poland and Germany through his childhood high school and training years at the University of Buffalo and Columbia University The political and educational influences of these years are introduced as well as their effect on his writings Hofstadter's development as a historian and the important influences which formed the basis for his orientation toward history and which served to integrate all his work into one coherent whole are also assessed Der Amerikanische Bürgerkrieg. Eine zweite Amerikanische Revolution? Dennis Heydegger, 2014-09-10 Magisterarbeit aus dem Jahr 2012 im Fachbereich Geschichte Amerika Note 2,3 Ruprecht Karls Universität Heidelberg Historisches Seminar Sprache Deutsch Abstract Der Amerikanische Bürgerkrieg ist bis heute eines der am meisten erforschten Themen in der amerikanischen Geschichte In Hunderten von Publikationen die jährlich hinzukommen und den bisherigen Bestand von über 50 000 Werken anreichern haben Historiker seit dem Ereignis selbst versucht diesen Themenkomplex zu erschließen und sind mit immer neuen Ideen daran gegangen die Ursachen für den Krieg als auch die grundlegenden Veränderungen welche hierdurch erwachsen vollständig aufzuklären Hierbei stießen aber alle Historiker an die Grenzen des Machbaren und vermochten es nie den Themenkomplex in seiner Gesamtheit vollständig zu ergreifen und allgemeingültige und unwiderlegbare Tatsachen zu schaffen auf die man sich grundlegend einigen konnte Bereits im Bereich der Ursachenforschung sind sich die Historiker uneins Während die ältere Forschung besonders die Vertreter der progressive historiography der 1910er bis 1940er Jahre noch von einem Konflikt zwischen zwei konkurrierenden Wirtschaftssystemen ausgingen also dem Gegensatz zwischen einem industriell kapitalistisch geprägten Norden und einem veralteten System des 18. Jahrhunderts im Süden mit einer fast schon feudalen Struktur dominiert von einer kleinen Oberschicht aus Großgrund und Sklavenbesitzern auf der anderen Seite gab es doch auch immer schon die heute weitverbreitete Auffassung die Streitfrage um das Fortbestehen der Sklaverei habe den Konflikt ausgelöst Diese Meinung vertraten allerdings zu Beginn der Bürgerkriegsforschung nur sehr wenige Historiker oder sahen in der Sklaverei an sich lediglich die Wirtschaftsform des Südens verkörpert Charles A Beard der seit seinem Hauptwerk *An Economic Interpretation of the Constitution of the United States* 1913 als Begründer und Hauptvertreter der progressive historiography gilt unternahm den Versuch die historische Entwicklung der USA auf die wirtschaftlichen Entwicklungen und deren Einfluss auf Politik und Gesellschaft zurückzuführen **Intellectual Craftsmen** Steven Weiland, Weiland highlights the master trends in the American experience by the master reporters of those trends *Intellectual Craftsmen* covers the best writers in the social sciences from 1935 to 1991 Included are essays on John Dollard in social psychology C Wright Mills's version of historical sociology David Riesman and the element of social criticism Margaret Mead and the search for an anthropological method **Popularizing the Past** Nick Witham, 2023-07-26 *Popularizing the Past* tells the stories of five

postwar historians who changed the way ordinary Americans thought about their nation's history. What's the matter with history? For decades critics of the discipline have argued that the historical profession is dominated by scholars unable or perhaps even unwilling to write for the public. In *Popularizing the Past*, Nick Witham challenges this interpretation by telling the stories of five historians: Richard Hofstadter, Daniel Boorstin, John Hope Franklin, Howard Zinn, and Gerda Lerner, who in the decades after World War II published widely read books of national history. Witham compellingly argues that we should understand historians' efforts to engage with the reading public as a vital part of their postwar identity and mission. He shows how the lives and writings of these five authors were fundamentally shaped by their desire to write histories that captivated both scholars and the elusive general reader. He also reveals how these authors' efforts could not have succeeded without a publishing industry and a reading public hungry to engage with the cutting-edge ideas then emerging from American universities. As Witham's book makes clear, before we can properly understand the heated controversies about American history so prominent in today's political culture, we must first understand the postwar effort to popularize the past.

The Cause Eric Alterman, 2012-04-12 The definitive history of American postwar liberalism told through the lens of those who brought it to life. Liberalism stands proudly at the center of American politics and culture. Driven by passion for social justice, tempered by respect for the difficulty of change, liberals have struggled to end economic inequality, racial discrimination, and political repression. Liberals have fueled their cause with the promise of American life and visions of national greatness, seeking to transform the White House, the halls of Congress, the courts, the worlds of entertainment, law, media, and the course of public opinion. Bestselling author, journalist, and historian Eric Alterman, together with historian Kevin Mattson, traces the history of liberal ideals through the lives and struggles of fascinating personalities. *The Cause* tells the remarkable story of politicians, intellectuals, visionaries, activists, and public personalities battling for the heart and soul of the nation. The first full-scale treatment of postwar liberalism, *The Cause* offers an epic saga driven by stories of grand aspirations, principled ambitions, tragic flaws, and the ironies of history of the people who fought for America to live up to the highest ideals of its history.

Liberty and Justice for All? Kathleen G. Donohue, 2012 A wide-ranging exploration of the culture of American politics in the early decades of the Cold War.

Marxist Historiographies Q. Edward Wang, Georg G. Iggers, 2015-07-16 *Marxist Historiographies* is the first book to examine the ebb and flow of Marxist historiography from a global and cross-cultural perspective. Since the eighteenth century, few schools of historical thought have exerted a more lasting impact than Marxism, and this impact extends far beyond the Western world within which it is most commonly analysed. Edited by two highly respected authors in the field, this book deals with the effect of Marxism on historical writings, not only in parts of Europe where it originated but also in countries and regions in Africa, Asia, North and South America, and the Middle East. Rather than presenting the chapters geographically, it is structured with respect to how Marxist influence was shown in the works of historians in a particular area. This title takes a dual approach to the subject: some chapters are national in scope,

addressing the Marxist impact on historical practices within a country whereas others deal with the varied expressions of Marxist historiography throughout a wider region Taking a truly global perspective on this topic Marxist Historiographies demonstrates clearly the breadth and depth of Marxism's influence in historical writing throughout the world and is essential reading for all students of historiography Enduring Liberalism Robert Booth Fowler, 1999 Enduring Liberalism pursues two objectives One it explores the political thought of public intellectuals and the general public since the 1960s Two it assesses contemporary and classic interpretations of American political thought in light of the study's findings BOOK JACKET

The United States and the 1930s Anne Sharp Wells, British Library, 2000 *Treasonable Doubt* R. Bruce Craig, 2004 Armed with a wealth of new information Craig examines the controversial 1948 allegations that Communist spies had penetrated the American government and explores the ambiguities that have haunted it for more than half a century

America, History and Life, 2007 Article abstracts and citations of reviews and dissertations covering the United States and Canada *The Study of History*, 2000 History is a subject which never stands still It is always changing its philosophies its contours its leading questions its politics its conceptual status and its methodologies This bibliographical guide to the study of history is wide ranging in scope extending from the ancient world to the 20th century It deliberately concentrates on modern historians' views provides a substantial section on the philosophy of history charts controversies and highlights the continual evolution and diversification of history The material is logically organized in major areas and subsections and cross references are given where appropriate An index of authors editors and compilers is also provided **Anti-intellectualism**

in American Media Dane S. Claussen, 2004 In this book Dane S. Claussen argues that the news media have fed vocationalism and self-doubt in higher education and anti-intellectualism throughout American culture Analyzing articles in popular national magazines since the GI Bill of 1944 Claussen finds that media have overwhelmingly portrayed college as a time and place for students to play sports date and marry drink and take drugs protest join fraternities and sororities go on vacations avoid the draft escape their parents and perhaps most of all network and find jobs in short do almost anything except research study write think or debate In the tradition of Richard Hofstadter's Pulitzer Prize-winning *Anti-intellectualism in American Life* and Allan Bloom's *Closing of the American Mind* Claussen illustrates the counterintuitive and underestimated nearly overlooked role of the news media in higher education and anti-intellectualism Progressive Intellectuals and the Dilemmas of Democratic Commitment Leon Fink, 1997 How to lead the people and be one of them What is a democratic intellectual to do This longstanding dilemma for the progressive intellectual how to bridge the world of educated opinion and that of the working masses is the focus of Leon Fink's penetrating book the first social history of the progressive thinker caught in the middle of American political culture In a series of vivid portraits Fink investigates the means and methods of intellectual activists in the first part of the twentieth century how they served observed and made their own history In the stories of among others John R. Commons Charles McCarthy William English Walling Anna Strunsky

Walling A Philip Randolph W Jett Lauck and Wil Lou Gray he creates a panorama of reform of unusual power Issues as broad as the cult of leadership and as specific as the Wisconsin school of labor history lead us into the heart of the dilemma of the progressive intellectual in our age The problem as Fink describes it is twofold Could people prevail in a land of burgeoning capitalism and concentrated power And should the people prevail This book shows us Socialists and Progressives and later New Dealers grappling with these questions as they tried to redress the new inequities of their day and as they confronted the immense frustrations of moving the masses Fink s graphic depiction of intellectuals labors in the face of capitalist democracy s challenges dramatizes a time in our past and at the same time speaks eloquently to our own

The Absent Marx Ian R. Tyrrell,1986-04-22 **Twentieth-century American Cultural Theorists** Paul Hansom,2001 This award winning series systematically presents career biographies of writers from all eras and all genres through volumes dedicated to specific types of literature and time periods

Bibliographie internationale des recensions de la littérature savante ,1974 **McCormick of Rutgers** Michael J. Birkner,2001-02-28 He also helped create a state historical agency the New Jersey Historical Commission to promote New Jersey s past and preserve its historic treasures Birkner details McCormick s politics and interest in history offering insight and criticism along the way This comprehensive book will be useful to all those interested in Richard P McCormick and his impact on political history

BOOK JACKET Great Historians of the Modern Age Lucian Boia,International Committee of Historical Sciences. Commission of the History of Historiography,1991-06-25 This book an international collaboration sponsored by the Commission on the History of Historiography is devoted to historians of the 19th and 20th centuries Offering dictionary entries for historians from more than 35 countries the editors have sought to illustrate specific domains of history and focus on those scholars who were important to particular cultures and histories Consultants from each area suggested historians for inclusion thus providing a unique national perspective The volume begins with an explanatory preface and a detailed introduction to the time period covered The entries are then arranged by national or geographical areas and alphabetized within each regional section As a general rule the editors have excluded living historians from the dictionary Cross references are indicated within the text for those individuals who are also the subjects of separate entries and the editors have provided both an index of historians and a general subject index English translations of books and articles in non Western languages are also cited This book will be an important reference source for studies in world history and historiography as well as a significant addition to public college and university libraries

International Affairs in Africa Gerald J. Bender,1987 Since 1889 The American Academy of Political and Social Science has served as a forum for the free exchange of ideas among the well informed and intellectually curious In this era of specialization few scholarly periodicals cover the scope of societies and politics like The ANNALS Each volume is guest edited by outstanding scholars and experts in the topics studied and presents more than 200 pages of timely in depth research on a significant topic of concern <http://ann.sagepub.com>

Unveiling the Power of Verbal Art: An Mental Sojourn through **Radical Beginnings Richard Hofstadter And The 1930s**

In some sort of inundated with screens and the cacophony of fast interaction, the profound energy and mental resonance of verbal artistry usually fade in to obscurity, eclipsed by the continuous barrage of sound and distractions. Yet, set within the musical pages of **Radical Beginnings Richard Hofstadter And The 1930s**, a fascinating function of fictional splendor that impulses with fresh feelings, lies an memorable journey waiting to be embarked upon. Written with a virtuoso wordsmith, that exciting opus guides visitors on an emotional odyssey, gently exposing the latent possible and profound impact stuck within the intricate internet of language. Within the heart-wrenching expanse with this evocative examination, we will embark upon an introspective exploration of the book is central subjects, dissect its fascinating writing model, and immerse ourselves in the indelible effect it leaves upon the depths of readers souls.

Radical Beginnings Richard Hofstadter And The 1930s Introduction

In the digital age, access to information has become easier than ever before. The ability to download Radical Beginnings Richard Hofstadter And The 1930s has revolutionized the way we consume written content. Whether you are a student looking for course material, an avid reader searching for your next favorite book, or a professional seeking research papers, the option to download Radical Beginnings Richard Hofstadter And The 1930s has opened up a world of possibilities. Downloading Radical Beginnings Richard Hofstadter And The 1930s provides numerous advantages over physical copies of books and documents. Firstly, it is incredibly convenient. Gone are the days of carrying around heavy textbooks or bulky folders filled with papers. With the click of a button, you can gain immediate access to valuable resources on any device. This convenience allows for efficient studying, researching, and reading on the go. Moreover, the cost-effective nature of downloading Radical Beginnings Richard Hofstadter And The 1930s has democratized knowledge. Traditional books and academic journals can be expensive, making it difficult for individuals with limited financial resources to access information. By offering free PDF downloads, publishers and authors are enabling a wider audience to benefit from their work. This inclusivity promotes equal opportunities for learning and personal growth. There are numerous websites and platforms where individuals can download Radical Beginnings Richard Hofstadter And The 1930s. These websites range from academic databases offering research papers and journals to online libraries with an expansive collection of books from various genres. Many authors and publishers also upload their work to specific websites, granting readers access to their content without any charge. These platforms not only provide access to existing literature but also serve as an excellent platform for undiscovered authors to share their work with the world. However, it is essential to be cautious while downloading Radical Beginnings Richard Hofstadter And The 1930s. Some websites may offer pirated or illegally obtained copies of copyrighted material. Engaging in such activities not only violates copyright laws but also undermines the efforts of authors, publishers, and researchers. To ensure ethical downloading, it is advisable to utilize reputable websites that prioritize the legal distribution of content. When downloading Radical Beginnings Richard Hofstadter And The 1930s, users should also consider

the potential security risks associated with online platforms. Malicious actors may exploit vulnerabilities in unprotected websites to distribute malware or steal personal information. To protect themselves, individuals should ensure their devices have reliable antivirus software installed and validate the legitimacy of the websites they are downloading from. In conclusion, the ability to download Radical Beginnings Richard Hofstadter And The 1930s has transformed the way we access information. With the convenience, cost-effectiveness, and accessibility it offers, free PDF downloads have become a popular choice for students, researchers, and book lovers worldwide. However, it is crucial to engage in ethical downloading practices and prioritize personal security when utilizing online platforms. By doing so, individuals can make the most of the vast array of free PDF resources available and embark on a journey of continuous learning and intellectual growth.

FAQs About Radical Beginnings Richard Hofstadter And The 1930s Books
