Sebeok, Jean Umiker-Sebeok, 2012-12-06 Although semiotics has in one guise or another flourished uninterruptedly since pre Socratic times in the West and important semiotic themes have emerged and developed independently in both the Brahmanic and Buddhist traditions semiotics as an organized undertaking began to bloom only in the 1960s Workshops materialized with a perhaps surprising spontaneity over much of Europe Eastern and Western and in North America Thereafter others quickly surfaced almost everywhere over the literate globe Different places strategically allied themselves with different legacies but all had a common thrust to aim at a general theory of signs by way of a description of different sign systems their comparative analysis and their classification More or less permanent confederations were forged with the most diverse academic disciplines and amazingly varied frameworks were devised suited to the needs of the times and the sites to carry the work of consolidation forward Bit by bit mutually supportive international networks were put together Today it can truly be asserted that semiotics has become a global enterprise This of course is far from saying that the map is uniform or even that world wide homogeneity is in the least desirable While our conjoint ultimate goal remains steadily in focus the multiplicity of avenues available for its realization is inherent in the advent ure of the search itself Social Method and Social Life Michael Brenner, 1981 Henri Tajfel: Explorer of Identity and Difference Rupert Brown, 2019-10-08 This book offers a biographical account of Henri Tajfel one of the most influential European social psychologists of the twentieth century offering unique insights into his ground breaking work in the areas of social perception social identity and intergroup relations The author Rupert Brown paints a vivid and personal portrait of Tajfel s life his academic career and its significance to social psychology and the key ideas he developed It traces Tajfel s life from his birth in Poland just after the end of World War I his time as a prisoner of war in World War II his work with Jewish orphans and other displaced persons after that war and thence to his short but glittering academic career as a social psychologist Based on a range of sources including interviews archival material correspondence photographs and scholarly output Brown expertly weaves together Tajfel s personal narrative with his evolving intellectual interests and major scientific discoveries Following a chronological structure with each chapter dedicated to a significant transition period in Tajfel s life the book ends with an appraisal of two of his principal posthumous legacies the European Association of Social Psychology a project always close to Tajfel s heart and for which he worked tirelessly and the social identity approach to social psychology initiated by Tajfel over forty years ago and now one of the discipline s most important perspectives This is fascinating reading for students established scholars and anyone interested in social psychology and the life and lasting contribution of this celebrated scholar *Twelve Years of Social Science Research, 1950-62* Institutt for samfunnsforskning (Oslo,
