

A TEACHER'S GUIDE

For READING COMPREHENSION

QUESTIONING:

Asking questions and searching for the answers is an effective reading comprehension strategy.

Readers can ask questions about what they have read, express their own reactions, and the author's reason for writing the text.

Some language prompts that can be used to encourage thought-provoking questions might be:

- What are some questions I have about this book by just looking at the cover, scanning the inside, and looking at the back?
- While I'm reading, I'm trying to figure out...
- I wonder why...
- Why did (a certain character) do...?
- Is this story FICTION or NON-FICTION? How can I tell?

Tutors might also ask for the student's help:
For instance, can you explain to me what _____ means?
Do you need to re-read a passage to find an answer?

VISUALIZING:

Being able to visualize or imagine events from a text in their minds is what keeps language from

"going in one ear and out the other". When they can visualize what is happening, it makes the printed word more "real" and easier to comprehend and remember.

Some prompts to help visualization can include:

- When the author describes (this), what do I picture?
- Can I draw a picture of what is being described? Colors? Size?
- I can really see what the author is talking about when they describe _____.

Give the reader a piece of paper to draw a picture of a scene they can visualize from the text.

MAKING CONNECTIONS:

When readers can connect the topic or certain information to what they already know about themselves or the world, they relate to the text.
