Jean-Marie Dru, 2019-06-05 The business ideas and innovation philosophies of the world's great entrepreneurs for anyone to implement in any business. Steve Jobs, Jeff Bezos, Larry Page, Sergey Brin, Zhang Ruimin, Marc Benioff. Millions of words have been written about the great entrepreneurs of the world. This book is not about describing their achievements. Nor is it about their charisma, personal trials, or their place in popular culture. We have all heard or read about them already. This book is about the entrepreneur, the thinker. It is about the grand ideas, the disruptive thoughts, the innovative underpinnings, and business philosophies that gave rise to their achievements. Thank You For Disrupting: The Disruptive Business Philosophies of The World's Great Entrepreneurs examines 20 of the most significant business leaders of our time. Author Jean Marie Dru, himself a disruptor who coined the term decades ago, explains not only the impact these leaders have had on their own companies but also their immense influence on the business world as a whole. Each chapter is replete with in-depth analyses, insightful comments, and personal observations from the author, including discussions covering the experimentation and platforms of Jeff Bezos, to the recruitment policies and core values of Sergey Brin and Larry Page, to the complete CSR and company activism of Paul Polman, and many more. Illustrating how the vision of a disruptive innovator can reach far beyond his or her company, this engaging book encourages and inspires readers to become disruptors in their own businesses. The Disruptive Business Philosophies of The World's Great Entrepreneurs is a must-read for anyone interested in the why and how behind the most significant and influential business achievements of our time. *Strategic Innovation Management* Joe Tidd, John R.
