Fleming, 2006-03-03 Parent by Accident or Parent on Purpose Your child has a God-given purpose that is too important to be left to chance. As parents, we have a sacred opportunity to help our children find their way, the way they were created to go. When a child has insight into God's special

plan for his life he will be more passionate about following Jesus better able to focus his energies on what is most important and equipped to make wiser decisions Raising Children on Purpose will help you Assess your child s natural talents and gifts Recognize and encourage your child s interests Determine the point at which gifting and interest overlap Discipline your child in positive ways that inspire confidence Promote emotional health and good decision making in your child Prepare your child for career choices Wes Fleming s Raising Children on Purpose offers practical advice with a generous sprinkling of humor Your children can fulfill their God given potential How to Raise Children for Christ Andrew Murray,2016-11-01 I will put my trust in Him Behold I and the children which God has given me Hebrews 2 13 This book is different from most books on raising children It is a plea for the parents to truly know and walk with God for them to love God and His Word In the correct order focusing first on the parents Andrew Murray then urges parents to sincerely and consistently love their children and in all tenderness and gentleness teach them as God also teaches us Children are a most precious gift that we receive from God and they deserve our very best Our faithful training will not be lost on our children this is a promise found over and over again in the Scriptures If our hearts are right towards God and our children the world s influence will not impact our children We can and must exercise faith so our children and our children s children will be able to impact the world for Christ and inherit eternal blessings A few of the parenting topics covered in this book What sin did to the family and how to redeem that which was lost The distinct and also shared roles of fathers and mothers How and why to teach children manners How to show children the Scriptures in a way that takes root in the heart How to teach with a quiet gentle spirit as God teaches us How to intercede effectively in prayer for our children *Raising Godly Children: How to Parent with Purpose and Love* Margaret Light,2025-03-29 Raising Godly Children How to Parent with Purpose and Love offers practical biblically based guidance for parents seeking to nurture their children in faith love and wisdom This book explores how to create a spiritually grounded home model godly behaviour and teach responsibility accountability and respect With insights on instilling moral values fostering emotional and spiritual health and preparing children to navigate the challenges of the world it equips parents with the tools to raise the next generation of believers Through intentional parenting readers are encouraged to embrace their calling raising children who will impact the world for God s kingdom Raising Children Bilingually Through the 'one Parent-one Language' Approach Masae Takeuchi,2006 Parents who come from different language backgrounds often hope that their children will be able to speak the languages of both their parents In families where this is the goal the one parent one language approach Ronjat 1913 is widely used The one parent one language approach is relatively effective in promoting active bilingualism among young children in a society where there is little support for the minority language However there is a general perception that maintenance of the minority language into middle childhood and beyond is difficult as during this period children s contacts with the outside world expand and the input in the majority language increases This book examines the sociolinguistic environment and the nature of parental input for

children from Japanese Australian families who have been exposed to Japanese and English through the one parent one language approach in Australia The research on which the book is based identifies factors which account for successful and unsuccessful cases of Japanese language maintenance of children from those families The major part of this study involves discourse analysis of the conversations between four Japanese mothers and their primary school aged children based on audio recordings over a period of 21 months This qualitative approach is complemented by a quantitative study interviewing 25 Japanese mothers about their children s language experience Raising Children On Purpose Wesley H.
