Ramirez's Woman:

Soul Eaters Goñi RavenSkål Venås, 2019-08 This book paints a picture of how humanity is willing to kill and murder its own people

Girls, Aggression, and Intersectionality Krista McQueeney, Alicia Girgenti-Malone, 2018-01-19 From media images of mean girls to the disproportionate punishment of Black Latina and or queer girls in schools and the justice system female aggression has become a public concern Scholars educators policymakers and parents are scrambling to respond to the perceived upsurge in girls bullying peer pressure and aggression violence *Girls Aggression and Intersectionality* examines how intersecting social identities such as race ethnicity class sexuality age and others shape media representations of and criminal justice reactions to female aggression The book focuses on three overarching questions How do race class and or sexuality influence media images of female aggression How do aggressive girls intersecting identities affect law enforcement and criminal justice responses to their aggression How are diverse groups of girls trying to resist their labelling and criminalization Using intersectionality as a conceptual framework this insightful volume deconstructs a unitary analysis of female aggression and transforms the mainstream discourse that paints girls as inherently mean *Girls Aggression and Intersectionality* will appeal to undergraduate and postgraduate students as well as postdoctoral researchers interested in fields including Gender Studies Women's Studies Youth Studies Criminology and Media and Culture

Historia Louis Gerard Mendoza, 2001 The nature of ethnic identity has been a major issue in the Mexican American community for decades now *Historia The Literary Making of Chicana and Chicano History* makes a superb contribution to the multidisciplinary exploration of ways Mexican Americans have chosen to present their past through both factual and fictional narratives Whereas history has offered frameworks for interpreting generational changes in the understanding of identity literature has been particularly rich in exploring themes of power and domination and of intragroup complexities Louis Gerard Mendoza argues in this innovative look at historical and imaginative literatures and their role in the formation of ethnic identity Focusing on late twentieth century literature and history by American writers of Mexican descent Mendoza examines how style purpose and context function to facilitate or constrain the understanding of the past By juxtaposing the literary and the historical he provides new insight on culture agency and experience Mendoza accepts as his starting point the generational model posited by historian Mario Garcia then contrasts for each generation the nuances and contradictions offered by one or more Chicana o creative writers Other historians whose works are centrally considered include Juan Gomez Qui ones Rodolfo Alvarez Ricardo Romo David Montejano and Carlos Mu oz while the literary writers featured include Jovita Gonz lez Alejandro Morales Sara Estela Ramirez Teresa Paloma Acosta Oscar Zeta Acosta and Am rico Paredes Mendoza argues that history is the narrative battleground upon which literature is based the writing and rewriting of Chicano history thus becomes an important subtext of Chicana o literature However he contends that most Chicana o historical narratives are integrated uncritically into literary analysis to establish background resulting in the invocation of the histories as

representations of the real Libraries Borderlands scholars and those interested in the broad issues of cultural studies will want to own Mendoza's innovative book which instead of insisting on the strict separation of the two genres of history and literature seeks ways to integrate them through the new critical analysis *Do or Die* Josh Reynolds, 2023-12-05 Zombies cannibalistic swamp dwellers and undead alligators munch on anything that moves in this action soaked gorefest from the popular Zombicide boardgame Being undead isn't anything new for Westlake former thief and deteriorating Zombivor until he realizes there's not enough formaldehyde in the world to keep him together He decides to embark on one last mission into the zombie apocalypse to find a long lost drug cartel cache which will set his friends up for life The hitch It's in Florida By the time they land in the Everglades not only is the wildlife a lot wilder and more murderous than usual but a hurricane looms on the horizon ready to wipe them from the face of the earth For Westlake there is no other choice but to DO OR DIE **The Ambassador Juan Ramírez de Lucena, the father of the chessbook writer Lucena** Govert Westerveld, 2015-07-28 This is the first bibliography in English of the protonotary Juan Ram rez de Lucena 1430 1504 who was one of the ambassadors of the Catholic monarchs He was the father of Lucena the writer of a chess book that was published in Salamanca in 1997 Knowing the biography of the protonotary and his activities in Italy and France in the highest sphere of society it is clear that his son Lucena could take advantage of this because his father had opened the door in many places No doubt that during the life of the protonotary Juan Ram rez de Lucena his son visited these places in Italy and France as Lucena himself confirmed in the chess treaty of 1497 The Great Pictorial History of World Crime Jay Robert Nash, 2004-04-29 The vast and mysterious world of criminals from ancient times through the 21st century is vividly captured in The Great Pictorial History of World Crime This unique and staggering reference work chronicles every major criminal act from every era A definitive reference source to worldwide crime this unparalleled survey is organized into sixteen chapters Assassination Bigamy Burglary Cannibalism Celebrity Slayings Drugs Fraud Gangs Gangsters and Organized Crime Kidnapping Mass Murder Piracy Robbery Secret Criminal Societies Serial Killers Terrorism Unsolved Homicides Each chapter begins with an essay that introduces the topic and provides a concise overview of the historical social and political significance of the crime Subjects are further developed crime by crime through descriptive entries covering the criminal acts modus operandi criminal background information and motives along with insightful anecdotes In addition to being a being a vital and informative historical and sociological reference work The Great Pictorial History of World Crime features more than 2 500 illustrations More than a chronicle of chilling events these two volumes provide gripping reading for anyone interested in true crime law enforcement criminology and criminal justice Notable Hispanic American Women Diane Telgen, 1993 Contains short biographies of three hundred Hispanic American women who have achieved national or international prominence in a variety of fields *Latinas in the United States, set* Vicki L.
