**Biogeochemical Investigations at Watershed, Landscape, and Regional Scales** R. Kelman Wieder, Martin Novák, Jirí Cerný, 2013-04-17 This Special Issue of Water Air and Soil Pollution offers original contributions from BIOGEOMON The Third International Symposium on Ecosystem Behavior which was held on the campus of Villanova University from June 21 25 1997 Previous meetings were held in Prague in 1987 and again in 1993 The BIOGEOMON series was initiated in 1987 when a group of researchers from the Czech Geological Survey organized a conference called GEOMON Geochemical Monitoring in Representative Basins GEOMON was fairly narrowly focused on monitoring of element pools and fluxes on a small watershed scale As signalled by the change in name to BIOGEOMON the second conference explicitly recognized that assessment of anthropogenic effects on ecosystem processes requires a combination of geochemical monitoring with other approaches including watershed level manipulations use of radioactive and stable isotopic tracers and both empirical and process modeling The 1997 BIOGEOMON conference was the largest with over 240 participants from 28 countries on five continents in attendance and broadest in scope The conference featured a plenary speaker six keynote speakers 35 invited speakers over 60 oral contributed presentations and over 75 poster presentations      **General Technical Report PSW.** ,1978      *Modern Spain* Enrique Ávila López, 2015-12-07 Fulfilling the need for English source material on contemporary Spain this book supplies readers with an in depth interdisciplinary guide to the country of Spain and its intricate diverse culture Far from a usual reference book Modern Spain takes the reader through the country s history

economy and politics as well as topics that address Spain's popular culture such as food sports and sexuality Because of the interdisciplinary nature of its content this book differs from the average typical English manuals that very rarely cover in depth the whole array of interesting issues that define Spain in the 21st century The vast amount of information makes this book the perfect companion for any reader wishing to learn more about Spain Packed with current facts and statistics this book offers an unbiased view of a modern country making it an ideal source for undergraduate students and scholars

**Exploring the Solar System** J. Kelly Beatty, 2001 From time immemorial we have gazed upward in wonder pondering the mysteries of the heavens and seeking to unravel them From the ancient Greeks and Romans who named the planets for their gods to the scientists of today who probe the farthest reaches of the solar system we have always been fascinated by our corner of the Milky Way And this authoritative lavishly illustrated volume shows us how astonishing and varied it is A chronicle of cosmic history as well as an account of human discovery this book captures the awe and drama of distant worlds we are only beginning to understand It is a book that encompasses literally everything under the Sun From cover
