Atonement Max Botner, Justin Harrison Duff, Simon Dürr, 2020-09-10 A historical survey of atonement theology through ancient Jewish and Christian sources What is the historical basis for today's atonement theology Where did it come from and how has it evolved throughout time In *Atonement* a sterling collection of renowned biblical scholars investigates the early manifestations of this core concept in ancient Jewish and Christian sources Rather than imposing a particular view of atonement upon these texts these specialists let the texts speak for themselves so that the reader can truly understand atonement as it was variously conceived in the Hebrew Bible the Dead Sea Scrolls the Pseudepigrapha the New Testament and early Christian literature The resulting diverse ideas mirror the manifold perspectives on atonement today Contributors to this volume Christian A Eberhart Crispin Fletcher Louis Martha Himmelfarb T J Lang Carol A Newsom Deborah W Rooke Catrin H Williams David P Wright and N T Wright attend to the linguistic elements at work in these ancient writings without limiting their scope to explicit mentions of atonement Instead they explore atonement as a broader phenomenon that negotiates a constellation of features sin sacrifice and salvation to capture a more accurate and holistic picture *Atonement* will serve as an indispensable resource for all future dialogue on these topics within Jewish and Christian circles Report ...
