**Identity Capitalists** Nancy Leong, 2021-02-09 Nancy Leong reveals how powerful people and institutions use diversity to their own advantage and how the rest of us can respond and do better Why do people accused of racism defend themselves by pointing to their black friends Why do men accused of sexism inevitably talk about how they love their wife and daughters Why do colleges and corporations alike photoshop people of color into their websites and promotional materials And why do

companies selling everything from cereal to sneakers go out of their way to include a token woman or person of color in their advertisements In this groundbreaking book Nancy Leong coins the term identity capitalist to label the powerful insiders who eke out social and economic value from people of color women LGBTQ people the poor and other outgroups Leong deftly uncovers the rules that govern a system in which all Americans must survive the identity marketplace She contends that the national preoccupation with diversity has counterintuitively allowed identity capitalists to infiltrate the legal system educational institutions the workplace and the media Using examples from law to literature from politics to pop culture Leong takes readers on a journey through the hidden agendas and surprising incentives of various ingroup actors She also uncovers a dire dilemma for outgroup members do they play along and let their identity be used by others or do they protest and risk the wrath of the powerful Arming readers with the tools to recognize and mitigate the harms of exploitation Identity Capitalists reveals what happens when we prioritize diversity over equality

**New Medicalism and the Mental Health Act** John Fanning, 2018-08-09 Ten years have passed since the Mental Health Act MHA 2007 came into force in England An amending statute the Act reformed the MHA 1983 and reshaped the law governing the compulsory care and treatment of people suffering from mental disorders Primarily driven by concerns about risk it sought to remove legalistic obstacles to civil commitment and extend the law's coercive reach into the community At the time of its introduction the 2007 Act was written off as a retrograde step and a missed opportunity for radical rights focused reform Despite this little attention has been paid to its impact in the years since Published to coincide with the tenth anniversary of the 2007 Act this book offers a timely evaluation of mental health law and policy in England It argues that the current MHA defies easy categorisation within any of the descriptive models which have customarily narrated the mechanics of civil commitment namely legalism new legalism and medicalism It therefore makes the case for a new model new medicalism to account for the 2007 Act's enhancement of the discretion of mental health professionals for the express purposes of facilitating the management of situations of risk In doing so the book critically examines the problems inherent in civil commitment frameworks organised around the concept of risk explores the theoretical foundations of new medicalism considers the challenges facing proponents of future reform in the era of the UN Convention on the Rights of Persons with Disabilities and reflects on the 2007 Act's practical impact
