## **Raising Their Voices:**

**Raising Their Voices** Lyn Mikel Brown, 1999 This book filled with the voices of teenage girls corrects the misperceptions that have crept into our picture of female adolescence Based on the author's yearlong conversation with white junior high and middle school girls from the working poor and the middle class *Raising Their Voices* allows us to hear how girls adopt some expectations about gender but strenuously resist others how they use traditionally feminine means to maintain their independence and how they recognize and resist pressures to ignore their own needs and wishes

**Raising Their Voices** Marilyn L. Williamson, 1990 Creation and Chaos JoAnn Scurlock, Richard H. Beal, 2013-10-21 Hermann Gunkel was a scholar in the generation of the origins of Assyriology the spectacular discovery by George Smith of fragments of the Chaldean Genesis and the Babel Bible debate Gunkel's thesis inspired by materials supplied to him by the Assyriologist Heinrich Zimmern was to take the Chaaskampf motif of Revelation as an event that would not only occur at the end of the world but had already happened at the beginning before Creation In other words in this theory one imagines God in Genesis 1 as first having battled Rahab Leviathan and Yam the forces of Chaos in a grand battle and only then beginning to create The problem with Gunkel's theory is that it did not simply identify common elements in the mythologies of the ancient Near East but imposed upon them a structure dictating the relationships between the elements a structure that was based on inadequate knowledge and a forced interpretation of his sources On the other hand one is not entitled to insist that there was no cultural conversation among peoples who spent the better part of several millennia trading with fighting and conquering one another Creation and Chaos attempts to address some of these issues The contributions are organized into five sections that address various aspects of the issues raised by Gunkel's theories
