Randolph The Six Gun Cowboy:

Randolph the Six Gun Cowboy D. L. Ferguson, 1995-01-01 **The American Western A Complete Film Guide** Terry Rowan, 2012-11-18 A comprehensive film guide featuring films and television shows of the great American western The stories of the men and women who tamed the old West Also featuring actors and directors who made these films possible

The Politics of Gun Control Robert J. Spitzer, 2025-08-28 Since its initial publication in 1995 this book has become the classic work on every important element of the tumultuous national gun debate in America This new edition brings together the latest developments and research in gun politics policy law history and criminology to provide a comprehensive and accessible source widely used by scholars journalists and in classrooms In this era of polarized politics this book provides a unique window into how and why that polarization drives our politics Among the new topics covered in this edition are the Supreme Court's new foray into applying history to evaluate modern gun laws the effects of political whipsawing between Democratic and Republican control of government and the consequences of that for gun laws violence and policy New to the Tenth Edition Analysis of the Supreme Court's *Rahimi* decision that for the first time implemented its controversial history based standard for judging the constitutionality of current gun laws Highlights the whiplash between the pro gun policy actions of the Biden administration and the second Trump administration's about face to roll back those initiatives Chronicles the rise and nearly cataclysmic implosion of the once vaunted National Rifle Association as self created problems brought it to the brink of disaster and as legal actions against the NRA finally came to an end Elucidates the scramble of other gun rights groups to replace the NRA as the nation's foremost anti gun law organization Presents new and updated statistical research on gun ownership in America gun related fatalities public opinion support of red flag laws and other gun control measures After a surge in gun violence and gun ownership both have receded to pre pandemic levels and the murder rate continues its decline after a short upsurge Includes new pedagogical features of chapter summaries and discussion questions in each chapter

Hollywood's West Peter C. Rollins, John E. O'Connor, 2005-11-11 American historians such as Frederick Jackson Turner have argued that the West has been the region that most clearly defines American democracy and the national ethos Throughout the twentieth century the frontier thesis influenced film and television producers who used the West as a backdrop for an array of dramatic explorations of America's history and the evolution of its culture and values The common themes found in Westerns distinguish the genre as a quintessentially American form of dramatic art In *Hollywood's West* Peter C. Rollins John E. O'Connor and the nation's leading film scholars analyze popular conceptions of the frontier as a fundamental element of American history and culture This volume examines classic Western films and programs that span nearly a century from *Cimarron* 1931 to Turner Network Television's recent made for TV movies Many of the films discussed here are considered among the greatest cinematic landmarks of all time The essays highlight the ways in which Westerns have both shaped and reflected the dominant social and political concerns of their respective eras While *Cimarron* challenged

audiences with an innovative complex narrative other Westerns of the early sound era such as *The Great Meadow* 1931 frequently presented nostalgic visions of a simpler frontier era as a temporary diversion from the hardships of the Great Depression Westerns of the 1950s reveal the profound uncertainty cast by the cold war whereas later Westerns display heightened violence and cynicism products of a society marred by wars assassinations riots and political scandals The volume concludes with a comprehensive filmography and an informative bibliography of scholarly writings on the Western genre This collection will prove useful to film scholars historians and both devoted and casual fans of the Western genre Hollywood's West makes a significant contribution to the understanding of both the historic American frontier and its innumerable popular representations

Classic Movie Fight Scenes Gene Freese, 2017-09-11 Both brawls and elaborate martial arts have kept movie audiences on the edges of their seats since cinema began But the filming of fight scenes has changed significantly through the years mainly for the safety of the combatants from improvised scuffles in the Silent Era to exquisitely choreographed and edited sequences involving actors stuntmen and technical experts Camera angles prevented many a broken nose Examining more than 300 films from *The Spoilers* 1914 to *Road House* 1989 the author provides behind the scenes details on memorable melees starring such iconic tough guys as John Wayne Randolph Scott Robert Mitchum Lee Marvin Charles Bronson Clint Eastwood Bruce Lee Chuck Norris and Jackie Chan
