**Electromagnetic wave theory of photons** SHUANG-REN ZHAO, During the author's graduate studies in electromagnetic waves at Xidian University, China, in 1987, he published the electromagnetic field mutual energy theorem. Later, the author worked in medical imaging in Germany, Canada, and the United States. 30 years later, the author discovered this theorem, not only the energy theorem but also the law of conservation of energy. And further discovered the law of mutual energy flow. And it was found that the mutual energy flow has the shape of a photon with sharp particles at both ends and coarse waves in the middle. Strangely, Maxwell's equation cannot prove this law of energy.

conservation As a result the author discovered a loophole in Maxwell s electromagnetic theory The author fills the gap in Maxwell s electromagnetic theory by proposing a new electromagnetic axiom that radiation does not overflow into the universe Thus a classical electromagnetic theory that can include photons was established Successfully solved wave particle duality problems such as wave collapse      *The Complete Works of William Walker Atkinson: The Power of Concentration, Mind Power, Raja Yoga, The Secret of Success, Self-Healing by Thought Force and much more* William Walker Atkinson,2017-06-28 This carefully edited collection has been designed and formatted to the highest digital standards and adjusted for readability on all devices The Art of Logical Thinking The Crucible of Modern Thought Dynamic Thought How to Read Human Nature The Inner Consciousness The Law of the New Thought The Mastery of Being Memory Culture Memory How to Develop Train and Use It The Art of Expression and The Principles of Discourse Mental Fascination Mind and Body or Mental States and Physical Conditions Mind Power The Secret of Mental Magic The New Psychology Its Message Principles and Practice New Thought Nuggets of the New Thought Practical Mental Influence Practical Mind Reading Practical Psychomancy and Crystal Gazing The Psychology of Salesmanship Reincarnation and the Law of Karma The Secret of Mental Magic The Secret of Success Self Healing by Thought Force The Subconscious and the Superconscious Planes of Mind Suggestion and Auto Suggestion Telepathy Its Theory Facts and Proof Thought Culture Practical Mental Training Thought Force in Business and Everyday Life Thought Vibration or the Law of Attraction in the Thought World Your Mind and How to Use It The Hindu Yogi Science Of Breath Lessons in Yogi Philosophy and Oriental Occultism Advanced Course in Yogi Philosophy and Oriental Occultism Hatha Yoga The Science of Psychic Healing Raja Yoga or Mental Development Gnani Yoga The Inner Teachings of the Philosophies and Religions of India Mystic Christianity The Life Beyond Death The Practical Water Cure The Spirit of the Upanishads or the Aphorisms of the Wise Bhagavad Gita The Art and Science of Personal Magnetism Master Mind Mental Therapeutics The Power of Concentration Genuine Mediumship Clairvoyance and Occult Powers The Human Aura The Secret Doctrines of the Rosicrucians Personal Power The Arcane Teachings The Arcane Formulas or Mental Alchemy Vril or Vital Magnet      *Middle Way Philosophy* Robert M.
