Practical Ethics For Nurses And Nursing Students A Short Reference Manual:

Practical Ethics for Nurses and Nursing Students Kathryn Schroeter, Arthur Derse, David Schiedermayer, 2021

Practical Ethics for Nurses and Nursing Students Kathryn Schroeter, 2002 Delivering comprehensive and ethical patient centered care is the goal of every nurse and every nursing student Practical Ethics for Nurses and Nursing Students is a concise and easy to use reference manual to assist nurses in achieving this practice goal Although the manual addresses a broad spectrum of clinical situations the challenge of patient communication underlies every chapter While evaluative strategies and therapeutic interventions frequently change communication with patients their loved ones and other members of the healthcare team is a timeless and personal art The concepts described in Practical Ethics for Nurses and Nursing Students are as important to patient care as any diagnostic or management technique When a nurse or nursing student masters the art of communication with patients and has learned to identify and resolve ethical problems she or he has acquired enduring career enhancing skills Most importantly she or he will provide better care to patients An Ethics Casebook for Hospitals Mark G. Kuczewski, Rosa Lynn B. Pinkus, 1999-04-22 This collection of thirty one cases and commentaries addresses ethical problems commonly encountered by the average health care professional not just those working on such high tech specialties as organ transplants or genetic engineering It deals with familiar issues that are rarely considered in ethics casebooks including such fundamental matters as informed consent patient decision making capacity the role of the family and end of life decisions It also provides resources for basic but neglected ethical issues involving placement decisions for elderly or technologically dependent patients rehabilitation care confidentiality regarding AIDS professional responsibility and organizational and institutional ethics The authors describe in detail the perspectives of each party to the case the kind of language that ethicists use to discuss the issues and the outcome of the case A short bibliography suggests useful articles for further reading or curriculum development Easily understood by readers with no prior training in ethics this book offers guidance on everyday problems from across the broad continuum of care It will be valuable for health care professionals hospital ethics committees and for students preparing for careers in health care professions Nursing Ethics: Across the Curriculum and Into Practice Janie B. Butts, Karen L. Rich, 2022-09 Nursing Ethics Across the Curriculum and Into Practice continues to provide a solid ethical foundation for nursing students in an updated sixth edition This comprehensive easy to read text covers ethics across the nursing curriculum making it a perfect fit for any undergraduate course Logically divided into three parts Nursing Ethics Sixth Edition underscores how ethics is interwoven with nearly every aspect of professional nursing practice It guides students through the foundations of ethics in nursing ethical considerations across the lifespan and ethical considerations for areas such as leadership and public health Engaging learning features including case studies legal perspectives and research notes bring concepts to life and serve to remind students that ethics really does sit at the heart of professional nursing practice and quality patient care *Choice*, 2008

Nursing Practice helps you learn how to apply the nursing process at the community and family level. It features an engaging, easy-to-understand writing style as well as assessment tools, detailed case studies, and clinical examples that demonstrate how key concepts apply to real-world practice. Additional resources on the companion Evolve website expand and enhance content within the text. Practical features including Case Studies, Ethics in Practice, and The Nursing Process in Practice illustrate real-world applications of key community public health nursing concepts. A complete unit on the community as client helps you understand how the assessment, diagnosis, planning, intervention, and evaluation steps of the nursing process apply to the community as opposed to an individual. A chapter devoted to community assessment provides a complete assessment tool and shows you how the tool applies to two different types of communities. UNIQUE! A chapter on screening and referral promotes population-focused practice, which is the crux of community public health nursing. A separate unit on the family emphasizes the importance of viewing the family as a singular client. A complete discussion of the Minnesota Wheel helps you better understand this widely accepted framework for community public health nursing practice. Helpful sections such as Focus Questions, Chapter Outlines, Key Ideas, and Learning by Experience and Reflection help you pinpoint essential information. NEW! Healthy People 2020 objectives throughout the text help you identify common health risk factors in populations and families. NEW! Coverage of health care reform, including the Patient Protection and Affordable Care Act of 2010 (PPACA), explores how current health care legislation impacts community public health nursing. NEW! Discussions of community health hot button issues such as human trafficking, genital circumcision, and bullying introduce you to today's health care challenges. NEW! Information on weather-related disaster fatalities, bioterrorism, and national and state planning responses familiarize you with current relevant issues which affect the health of populations worldwide and shape the role of the community public health nurse.
