Mathematics All Around

Thomas L. Pirnot, 2001 Problem solving principles and strategies are introduced in chapter one and are used consistently throughout the text Of Further Interest sections appear at the end of the chapter and cover current topics that are exciting for students but are not typically part of the standard curriculum

Statement Headings provide the students with a clear idea of the concept being discussed and are useful when reviewing for exams Applications motivate the discussion of the mathematics and increase student interest in the material Quiz Yourself questions are found throughout each section and allow students to gauge their level of understanding before moving on to the next concept Some Good Advice is a feature that provides students with timely hints tips cautions and warnings about the material being covered Highlights are boxed features that consist of historical notes or biographical vignettes uses of technology and interesting applications

Social Interactions in Multicultural Settings Margarida César, Kristiina

Kumpulainen, 2009 Multicultural issues are part of the agenda for researchers academics and politicians The new technologies have brought multiculturalism into our professional and personal lives opening new possibilities for social interactions among people from different countries cultures ages and gender Being able to deal with diversity including other cultures is a must in the 21st century This book is an opportunity to read narratives about social interactions in multicultural settings and to discuss the role they play in the construction of school and social achievement It is not only a book on multiculturalism It is also a multicultural book including an introduction and 13 chapters from authors representing 11 countries and many more cultures It is a journey that brings you through different settings situations and scenarios describing them vividly so that the reader can have an authentic taste of them This is a book that researchers academics teachers policy makers and politicians should read It illuminates many of the problems related to multiculturalism But it also reports on educational experiences and forms of interacting that help solving these problems It also illustrates the barriers that still exist and that keep many persons apart from equity Moreover due to its narrative mood the descriptions of what happens in different educational systems and episodes that could happen to us all including our kids this is a book for parents youngsters and all the ones interested in knowing other cultures After all education is an issue that is related to each human being We are all cultural individuals who need to interact with each other Thus this is a book to learn how social interactions
