21 Simple Personal Finance Hacks Callisto Momesso, In *21 Simple Personal Finance Hacks to Boost Your Bank Account* Today author Callisto Momesso presents a comprehensive guide to managing your finances and achieving financial stability. The book covers 21 personal finance hacks that are designed to help you improve your financial situation regardless of where you are starting from. The first hack Momesso discusses is budgeting which is the foundation of any successful financial plan. By tracking your income and expenses you can get a better understanding of your financial situation and make informed decisions about how to allocate your money. Tracking your spending is another key hack as it allows you to see exactly where your money is going and identify areas where you can cut back. Automating your savings is also critical as it ensures that you consistently set aside money for the future without having to remember to do it each month. Momesso also covers the importance of paying yourself first, negotiating bills, cutting unnecessary expenses, avoiding impulse purchases and shopping for deals and sales. He provides tips for using credit cards wisely, creating an emergency fund, saving for big expenses and buying used items. One of the key themes in the book is the importance of taking advantage of all available opportunities to save money and build wealth. Momesso discusses the value of employee benefits, renting out unused space and diversifying your investments. He also recommends using budgeting apps, being mindful of subscription services and keeping your insurance policies up to date. Finally, Momesso stresses the importance of continuously educating yourself on personal finance so that you can stay informed about the latest financial strategies and make the most of your money. Whether you are just starting out or looking to refine your existing approach, *21 Simple Personal Finance Hacks to Boost Your Bank Account* Today is an essential guide to achieving financial freedom and living your best life. [Online Investing Hacks](#) Bonnie Biafore, 2004-06-17 For the geek who's an investor and the investor who's a geek we present *Online Investing Hacks: 100 industrial strength bleeding edge tips, tools and techniques for analyzing and managing online portfolios*. Individual investors have become more computer literate and technology dependent than ever before. Whether you're looking for suitable investments, studying alternatives or managing your portfolios, you need data. The Internet can be a goldmine of financial data and research, but today's online investors also use spreadsheets, databases and financial applications to select, study and manage investments. If your proficiency has grown to the point where you crave industrial strength tips and tools to turbo charge your efforts, this is the book for you. *Online Investing Hacks* covers: Screening Investments, Collecting Data, Fundamental Analysis, Technical Analysis, Executing Trades, Investing in Mutual Funds, Portfolio Management, Updating Stock Data, Financial Planning. Other books for managing online investing are either out of date, are for beginners and don't go beyond the most basic advice, or are so dull and boring they squeeze that last bit of fun out of the topic. *Online Investing Hacks* is for the customer who wants to know the latest techniques to go beyond the basics, who gets jazzed by cool online tools and services and who actually wants to have a bit of fun while trying to strike it rich or at least not lose their shirt.
