**Invisibility by Design** Gabriella Lukács,2020-01-03 In the wake of labor market deregulation during the 2000s online content sharing and social networking platforms were promoted in Japan as new sites of work that were accessible to anyone Enticed by the chance to build personally fulfilling careers many young women entered Japan s digital economy by performing unpaid labor as photographers net idols bloggers online traders and cell phone novelists While some women leveraged digital technology to create successful careers most did not In *Invisibility by Design* Gabriella Lukács traces how these women s unpaid labor became the engine of Japan s digital economy Drawing on interviews with young women who strove to sculpt careers in the digital economy Lukács shows how platform owners tapped unpaid labor to create innovative profit generating practices without employing workers thereby rendering women s labor invisible By drawing out the ways in which labor precarity generates a demand for feminized affective labor Lukács underscores the fallacy of the digital economy as a more democratic egalitarian and inclusive mode of production

**The Laws of Trading** Agustin Lebron,2019-06-12 Every decision is a trade Learn to think about the ones you should do and the ones you shouldn t Trading books generally break down into two categories the ones which claim to teach you how to make money trading and the memoir style books recounting scandals and bad behavior But the former don t have profitable trades to teach if they did they d keep those trades to themselves And the latter are frequently entertaining but they don t leave you with much you can apply in your own life *The Laws of Trading* is different All of our relationships and decisions involve trading at some level This is a book about decision making through the lens of a professional prop trader For years behavioral and cognitive scientists have shown us how human decision making is flawed and biased But how do you learn to avoid these problems in day to day decisions where you have to react in real time What are the important things to think about and to act on The world needs a book by a prop trader who has lived breathed and taught trading for a living drawing upon years of insights on the trading floor in real markets good and bad whether going sideways crashing or bubbling over If you can master the decision making skills needed to profitably trade in modern markets you can master decision making in all walks of life This book will teach you exactly those skills Introduces develops and applies one law per chapter making it easy not only to remember useful concepts but also to have them at the ready in any situation Shows you how to find and think about the special edge of your organization and yourself Teaches you how to handle the interaction of people with artificially intelligent AI machines that make decisions a skill that is rapidly becoming essential in the AI driven economy of the future Includes a bonus digital ancillary an Excel spreadsheet with various worked examples that expand on the scenarios described in the book Do you need to make rational decisions in a competitive environment Almost everyone does This book will teach you the tools that let you do your job better

**The Entrepreneurial Scholar** Ilana M. Horwitz,2025-03-11 An invaluable guide for scholars stifled by the traditional academic route In the increasingly competitive world of academia simply mastering your discipline is no longer

enough to guarantee career success or personal fulfillment The Entrepreneurial Scholar challenges scholars at all stages from doctoral students to tenured professors to break free from conventional academic pathways by adopting an entrepreneurial mindset What opportunities can you create based on who you are what you know and who you know Drawing on her experiences in higher education start ups and management consulting as well as interviews with a range of academics and entrepreneurs Ilana Horwitz provides a road map for those stifled by traditional academic norms and expectations This book calls on scholars to create ideas not just consume them It offers strategies to thrive in academia with limited resources and in the face of uncertainty Embracing an entrepreneurial mindset entails viewing yourself as a knowledge producer enhancing collaboration creatively identifying resources and effectively sharing your ideas Horwitz empowers all scholars particularly women and first generation low income and BIPOC individuals to see themselves as proactive agents in their educational and career trajectories despite structural constraints unclear expectations or unresponsive advisors With actionable advice real world applications and inspiring success stories this guide is vital for anyone aspiring to excel within and beyond the ivory tower     Precarious work and high-skilled youth in Europe AA. VV.,2012-10-05T00:00:00+02:00 365 937     *Aging in the Family* George Dickinson,Brenda Sanders,2018-10-31 With a rapidly aging population throughout the world the issue of larger percentages of older adults has repercussions for both policy and the job market Whether a university student about to seek a full time job or a caregiver for an older person *Aging in the Family* should enhance the reader s knowledge and skills The main topics covered in this volume include marital status of older adults support systems within families crises with older adults within families the resilience of older adults entering the latter stages of life practical information involving caregiving aging in place and various social services for an aging population The reader will be made aware of intergenerational interactions between older adults and other family members in various cultures The role of ethnicity and socio economic status in health issues of older adults will be discussed as will the application of technology to an aging population Though problems certainly exist as one ages the overall thrust of the book is toward the positive aspects of growing old Numerous theories exist to probe research and understanding of older adults in families The relation between theory and research will be helpful to many students of aging in the family Older adults are generally married yet cohabitation and other options are alive and well too Ageism death and abuse unfortunately are issues affecting aging Yet most older adults in the US and Western Europe report living independently and being satisfied with their lives *Aging in the Family* will be an interesting read for anyone wanting to learn about older adults and family relationships as it exhibits a blend of both theoretical and practical matters     **Covid-19 and Vaccine Nationalism** Eric E.
