## Box Office Best:

**Movie Roadshows** Kim R. Holston, 2013-01-01 This work examines a film distribution system paralleling the rise of early features and persisting until 1972 when *Man of La Mancha* was the final roadshow to require reserved seating. Synonymous with Hollywood's star-studded premieres, roadshows were longer and cost more than regular features, making the experience similar to attending the legitimate theater. Roadshows often epic in subject matter, played selected theaters usually only one in major urban centers until demand decreased. By the 1960s, they were musical overtures, intermissions, entre acte, and exit music, and souvenir programs for sale in the lobby. Throughout the text are recollections by people who attended roadshows, including actor John Kerr and actresses Barbara Eden and Ingrid Pitt. The focus is on roadshows released in the United States, but an appendix identifies international roadshows and films forecast but not released as roadshows. Included are plots, contemporary critical reaction, premiere dates, production background, and methods of promotion, i.e., the ballyhoo.

*Box Office*, 1945 *Focus On: 100 Most Popular Drama Films Based on Actual Events* Wikipedia contributors, In Theaters Everywhere Brian Hannan, 2019-01-09 Conflicts among Hollywood studios and exhibitors have been going on for years. At their heart are questions about how films should be released, where, when, and at what speed. Both sides of this disagreement are losers: exhibitors using the law via various Consent Decrees and studios retaliating by tightly controlling output. In the Silent Era, movies were not released nearly as widely as they are now. This book tells the story of how the few became the many. It explores the contraction of the release cycle, the maximization of the marketing dollar, and the democratization of consumer access. It also offers a comprehensive list of wide releases and rebuts much of what previous scholars have found. *Focus On: 100 Most Popular 2010s Adventure Films* Wikipedia contributors, *Focus On: 100 Most Popular Nonlinear Narrative Films* Wikipedia contributors, *Encyclopedia of Creativity* Mark A. Runco, Steven R. Pritzker, 2020-04-12 Creativity influences each of our lives and is essential for the advancement of society. The first edition of the successful *Encyclopedia of Creativity* helped establish the study of creativity as a field of research in itself. The second edition, published in 2011, was named a 2012 Outstanding Academic Title by the American Library Association's Choice publication. Featuring 232 chapters across 2 volumes, the third edition of this important work provides updated information on the full range of creativity research. There has been an enormous increase in research on the topic throughout the world in many different disciplines. Some areas covered in this edition include the arts and humanities, business, education, mental and physical health, neuroscience, psychology, the creative process, and technology. Fundamental subjects are discussed, such as the definition of creativity, the development and expression of creativity across the lifespan, the environmental conditions that encourage or discourage creativity, the relationship of creativity to mental health, intelligence, and learning styles, and the process of being creative. Creativity is discussed within specific disciplines, including acting, architecture, art, dance, film, government, interior design, magic, mathematics, medicine, photography, science, sports, tourism, and writing. A wide range of

topics are covered Here is a partial overview by topic Business and organizational creativity Advertising Creative Economies Creativity Consulting and Coaching Corporate Creativity Creativity Exercises Entrepreneurship Group Dynamics Innovation Leadership Management of Creative People Patents Teams and Training The Cognitive Aspects of Creativity Altered and Transitional States Analogies Attention Breadth of Attention Cognitive Style Divergent Thinking Flow and Optimal Experience Knowledge Logic and Reasoning Metacognition Mental Models Memory Metaphors Mind Wandering Mindfulness Problem Finding Problem Solving and Remote Associates The Creative Process Attribution Constraints Discovery Insight Inspiration Intentionality Motivation Risk Taking and Tolerance for Ambiguity Education Children s Creativity Education Intelligence Knowledge Metacognition Play Prodigies Programs And Courses Talent And Teaching Creativity Neuroscience Research Cellular Matter Grey Matter Cellular Density EEG Functional Magnetic Resonance Imaging Fmri Music and The Brain Pupillometry Systems The Cerebellum and Transcranial Electrical Stimulation Psychology The Big 5 Personality Characteristics Bipolar Mood Disorders Childhood Trauma Depression Deviance Dreams Emotions Expressive Arts Grit Introversion Jungian Theory Mad Genius Controversy Openness Schizotypy Suicide Therapy and Counseling Trauma and Transcendence and Transforming Illness and Visual Art Social Aspects of Creativity Awards Birth Order Criticism Consensual Assessment Diversity Eminence Families Friendships and Social Networks Geeks Mentors Millennials Networking Rewards And Sociology Society and Creativity Awards Climate For Creativity Cross Cultural Creativity Destruction Of Creativity Law And Society Social Psychology Social Transformation Voting War and Zeitgeist Technology Chats Computational Creativity Computerized Text Analysis Gaming Memes Networks and Maps and Virtual Reality *Tid-bits* ,1884 Those Great Movie Ads Joe Morella,Edward Z.
