**Understanding Reddit** Elliot T. Panek, 2021-12-24 This book offers a comprehensive scholarly overview of Reddit one of the most popular and least studied social platforms of the early 21st century The book inspires new ways of thinking about Reddit considering it from multiple perspectives through a historical lens as a site where identity is forged as a democracy as a community and as a news aggregator and distributor By bringing theories from computer mediated communication communication studies and sociology to bear on original large scale observational analyses of Reddit s communities this book provides a uniquely comprehensive overview of the platform s first 15 years Understanding Reddit will help us make sense of how rapidly growing communities function in an era of mass online anonymity Serving both as a primer on how social behavior on Reddit plays out and as a way of locating it within multiple theoretical traditions the book will offer important insights to scholars and students in the disciplines of communication media studies information science internet and emerging media studies and sociology *Cross Stitch Crazy November 2017* Magazines Global, Cross Stitch Crazy November 2017 *Online Othering* Karen Lumsden, Emily Harmer, 2019-04-23 This book explores the discrimination encountered and propagated by individuals in online environments The editors develop the concept of online othering as a tool through which to analyse and make sense of the myriad toxic and harmful behaviours which are being created through or perpetuated via the use of communication technologies such as the internet social media and the internet of things The book problematises the dichotomy assumed between real and virtual spaces by exploring the construction of online abuse victims experiences resistance to online othering and the policing of interpersonal cyber crime The relationship between various socio political institutions and experiences of online hate speech are also explored Online Othering explores the extent to which forms of information technologies facilitate exacerbate and or promote the enactment of traditional offline offences such as domestic abuse and stalking It focuses on the construction and perpetration of online abuse through examples such as the far right the alt right and Men s Rights Activists It also explores experiences of and resistance to online abuse via examples such as victims experiences of revenge porn online abuse and misogyny transphobia disability hate crime and the ways in which online othering is intersectional Finally the collection addresses the role of the police and other agencies in terms of their interventions and the regulation and governance of virtual space s Contributions to the volume come from fields including sociology communication and media studies psychology criminology political studies information science and gender studies Online Othering is one of the very first collections to explore a multitude of abuses and their relationship to information and communication technology **The Dark Social** Toija Cinque, Alexia Maddox, Robert W. Gehl, 2023-11-07 This book explores how people interact online through anonymous communication in encrypted hidden or otherwise obscured online spaces Beyond the Dark Web itself this book examines how the concept of dark social broadens the possibilities for examining notions of darkness and sociality in the age of digitality and datafied life The authors take into

account technical moral ethical and pragmatic responses to ourselves and communities seeking to belong in of the dark

Scholarship on the Darknet and Dark Social Spaces tends to focus on the uses of encryption and other privacy enhancing technologies to engender resistance acts Such understandings of the dark social are naturally in tension with social and political theories which argue that for politics and acts to matter they must appear in the public light They are also in tension with popular narratives of the dark recesses of the web which are disparaged by structural powers who seek to keep their subjects knowable and locatable on the clear web The binary of dark versus light is challenged in this book The authors provocation is that practices of dark resistance motility and power are enacted by emerging data cultures This book draws together scholarship activism and creativity to push past conceptual binary positions and create new approaches to darknet and dark social studies The Dark Social Online Practices of Resistance Motility and Power will be a key resource for academics researchers and advanced students of media studies cultural studies communication studies research methods and sociology This book was originally published as a special issue of Continuum Journal of Media Cultural Studies **The Nation** ,2010
