A secretary is a person who maintains a company's secret documents or files. There are several titles that can be used to refer to a company secretary, including a department secretary, an administrative assistant, a personal secretary, a secretary to the management, a senior secretary, or an executive secretary. Secretary is considered to be one of the most significant roles in any company. It seems that a busy employer hires a secretary to help with overload work. Her role is to facilitate the management's ability to perform the truly critical tasks. As a result, a good secretary needs to be adaptable, skilled, precise, efficient, and always eager to learn new things. *Resumes For Dummies* Joyce Lain Kennedy, 1998-05-29 Contains tips and suggestions for creating a resume that will be noticed by prospective employers.
