pleasures for their forever mates Mach One Oversized Montana rancher Mach Halley's very big Stetson and giant belt buckle are hiding a secret of cosmic proportions He's a CWBOI Custom War Bionic Organic Imperson When his warship of cyborg warriors crashed on Earth 150 years ago he kept the survivors alive and hidden But with a dormant member of his unit about to be born he needs a healer even if the pretty little lady doc must forget everything she sees Making a name for herself in rural veterinary medicine has been tough for Doctor Chien Lun mei so she takes a strange midnight call to prove her worth only to discover a secret wilder than any bucking bronc If she rants about UFOs and ETs she'll be laughed out of the county but this strong silent cowboy who feels even more out of place than she does touches her in more ways than one Together they'll fight to save an alien life but for Mach to escape a war he never wanted he'll have to risk an alien love Delta V Deltas were always the most expendable among the CWBOIs and Delta V was fifth of nothing But since the crash that left his troop marooned on Earth Delta has found some small pleasures soft dogs sweet donuts seducing the neighboring rancher Wait what For the first time in her fifty years Big Sky Country is feeling small and lonely to Montana rancher Lindy Minervudottir With the five year anniversary of her wife's death looming she's not sure if the future matters But then a futuristic fighter flies into her life Earth is a small blue marble in the vastness of space and two needy hearts are smaller yet But with an old enemy closing in the world itself hangs in the balance Big Bang It's Christmas in Carbon County and not a creature is stirring not even a cyborg In the matrix of genetically and cybernetically enhanced contract killers he was the Omega brought out only the last resort the final answer the end times Cosmo is a time bomb forever set to 00 00 00 01 Vic Ray thought she was so smart As a reformed black hat hacker she cracked every code except the one that explains people And then she found out about aliens At least she doesn't have to be nice to a killer robot like Cosmo to get what she wants Off this world When an old enemy and a new one join forces to expose the CWBOIs on Earth Cosmo and Vic will have to figure out what it means to love before everything they know is lost forever Can the Spirit of Christmas teach a deadly cyborg and a misanthrope to believe in a future together Theta The Theta shroud designation was always meant to be an outsider a spy and saboteur lurking on the fringes of the elite cyborg soldiers So Troy Lehigh stayed apart from his brothers while they lived and loved A Theta could never hope for such a bond His only desire is to destroy the consortium that doomed him to solitude But then a hundred and fifty years ago he met a sassy soiled dove in a Montana saloon Nell Dearly had wandered too far from home and was struggling to survive But the long lost farm girl has no idea just how far out she'll go The cyborg cowboys of Carbon County have fought for each other for love and for Earth itself But the consortium they escaped never stopped seeking them Now every star they see from Big Sky Country is in danger and only a lonely Theta and the saloon girl he kissed once upon a time might save us
