Seven Mountains:

Ancient Egypt Gerald Massey, 2007-10-01 With his earlier two series in Egyptology Gerald Massey turned existing doctrine on its head to argue that not only had Egypt spawned human civilization but that Egyptian mythology was the basis for Jewish and Christian beliefs The culmination of his years at this particular intellectual pursuit Ancient Egypt The Light of the World is Massey's crown jewel In this the most philosophical in both tone and concept of his Egyptological works Massey ever the intrepid escort leads a tour through thousands of years of sociological cultural and spiritual development all the while pointing with dazzling reason and persuasive prose to a distant common Egyptian origin British author GERALD MASSEY 1828 1907 published works of poetry spiritualism Shakespearean criticism and theology but his best known works are in the realm of Egyptology including A Book of the Beginnings and The Natural Genesis **Thomas Merton and the Individual Witness** David E. Orberson, 2022-12-01 Over sixty years ago Thomas Merton monk mystic and writer proclaimed that we are living in a post Christian world That is the influence of the institutional church is in decline and the popular version of Christianity presented to society has in many ways become a caricature of itself Since that time the religious landscape has continued to change Today the number of people who identify as None someone with no particular religious affiliation outnumbers the combined total of all Mainline Protestants In addition many popular Christian responses to our secular world are divisive and focused on fighting the culture war instead of finding ways to live the gospel All of these religious changes are occurring in a broader post truth culture in which facts matter less and less and our society is increasingly divided This book delves into these issues and introduces the life and writings of Thomas Merton showing how he can guide Christians working to build God's kingdom in the world today **A Testimony of Jesus Christ - Volume 2** Anthony Charles Garland, 2007 A Commentary on the Book of Revelation Volume 2 The author presents a detailed study of the Book of Revelation emphasizing prophetic themes from the rest of the Bible which find their fulfillment in Revelation To understand this controversial book the author explores the many connections between the visions seen by the Apostle John and previous prophetic revelation given to Old Testament prophets such as Daniel Ezekiel and others It is the author's conviction that an understanding of related passages elsewhere in the Bible is the most important key to unlocking the bewildering variety of interpretations which often accompany the study of the last book of the Bible The commentary can be used in conjunction with a free companion internet course providing an additional 70 hours of audio instruction linked to almost 1 000 slides **Ancient Egypt - Light Of The World, Volume 2** Gerald Massey, This is part 2 of the Gerald Massey's work about the comparisons between the Judeo Christian religion and the Egyptian religion No one ever understood the mythology and ritual of Ancient Egypt so well as Gerald Massey since the time of the Ancient Philosophers of Egypt This book is one of the best of its kind and a must have for every student of Egyptian mythology and history The Holy Bible, Containing the Old & New Testaments ,1888 **The Esoteric** ,1896 **Coming Prophetic Events.
